Heart on My Sleeve Twelve

"A frank, poignant memoir about an unlikely marriage, a tragic death in Iraq, and the soul-testing work of picking up the pieces" (People) in the tradition of such powerful bestsellers as Joan Didion's *The Year of Magical Thinking* and Carole Radziwill's *What Remains*. Artis Henderson was a free-spirited young woman with dreams of traveling the world and one day becoming a writer. Marrying a conservative Texan soldier and becoming an Army wife was never part of her plan, but when she met Miles, Artis threw caution to the wind and moved with him to a series of Army bases in dusty Southern towns, far from the exotic future of her dreams. If this was true love, she was ready to embrace it. But when Miles was training and Artis was left alone, she experienced feelings of isolation and anxiety. It did not take long for a wife's worst fears to come true. On November 6, 2006, the Apache helicopter carrying Miles crashed in Iraq, leaving twenty-six-year-old Artis—in official military terms—an "unremarried widow." In this memoir Artis recounts not only the unlikely love story she shared with Miles and her unfathomable recovery in the wake of his death—from the dark hours following the military notification to the first fumbling attempts at new love—but also reveals how Miles's death mirrored her own father's, in a plane crash that Artis survived when she was five years old and that left her own mother a young widow. *Unremarried Widow* is "a powerful look at mourning as a military wife....You can finish it in a day and find yourself haunted weeks later" (The New York Times Book Review).

The Untold Story of the Jews Who Escaped the Nazis and Returned with the U.S. Army to Fight Hitler Hachette Children's

In June 1942, the U.S. Army began recruiting immigrants, the children of immigrants, refugees, and

others with language skills and knowledge of enemy lands and cultures for a special military intelligence group being trained in the mountains of northern Maryland and sent into Europe and the Pacific. Ultimately, 15,000 men and some women received this specialized training and went on to make vital contributions to victory in World War II. This is their story, which Beverley Driver Eddy tells thoroughly and colorfully, drawing heavily on interviews with surviving Ritchie Boys. The army recruited not just those fluent in German, French, Italian, and Polish (approximately a fifth were Jewish refugees from Europe), but also Arabic, Japanese, Dutch, Greek, Norwegian, Russian, Turkish, and other languages—as well as some 200 Native Americans and 200 WACs. They were trained in photo interpretation, terrain analysis, POW interrogation, counterintelligence, espionage, signal intelligence (including pigeons), mapmaking, intelligence gathering, and close combat. Many landed in France on D-Day. Many more fanned out across Europe and around the world completing their missions, often in cooperation with the OSS and Counterintelligence Corps, sometimes on the front lines, often behind the lines. The Ritchie Boys' intelligence proved vital during the liberation of Paris and the Battle of the Bulge. They helped craft the print and radio propaganda that wore down German homefront morale. If caught, they could have been executed as spies. After the war they translated and interrogated at the Nuremberg trials. One participated in using war criminal Klaus Barbie as an anti-communist agent. Meanwhile, Ritchie Boys in the Pacific Theater of Operations collected intelligence in Burma and China, directed bombing raids in New Guinea and the Philippines, and fought on Okinawa and Iwo Jima. This is a different kind of World War II story, and Eddy tells it with conviction, supported by years of research and interviews.

The novel is also a timeless epic, tracking Gussie's odyssey from childhood toward adulthood. Will he survive his quest, and at what cost?

REVIEW OF SECRET ARMY HENDERSONS BOYS 3 ROBERT MUCHAMORE

- One Hundred Years of Solitude tells the tale of the Buendia family and the town of Maconda, whose history is as enchanting as it is enthralling. It's the story of gypsies and scientists, banana plantations and dancing Italians. This is the birth of magical realism: a story that's entirely absurd and inventive, and at the same time entirely true. The writing is as magical as the story; it's easy to see why Marquez won a Nobel Prize. The book flows beautifully together, but at the same time the words can be so spectacular it's almost difficult to breathe. Do expect to be put off a little by the nature of the story. Some people may even be offended by the seemingly careless disregard of incest, suicide, and sexuality in the book. Some of the events are somewhat bizarre and disturbing, but they tend to take second place to the writing and overall emotion of the book. The only other issue readers may have with the book is that the actual plot is not always clear. Names tend to be used multiple times, making it difficult to follow the story. But often times, the sense of ambiguity actually enhances the experience of reading the novel. This is a book meant to be experienced more than it is meant to be read. You have to be prepared to abandon your sense of reality; over thinking can actually complicate things. It's easy to become frustrated with the seeming repetitiveness of the tale, but the minute you let your mind wander, everything, from the flying carpets to the ramblings of a gypsy, makes sense. At the same time, it's very easy to become emotionally attached to the story. The characters seem to effortlessly gain your trust one moment, only to abandon it the next. The choices they make seem to affect you as if you knew the characters personally. That's the magic of Marquez's writing. The characters may as well be alive; because everything they do changes the way you live. All in all, a simply extraordinary novel.

- Gabriel Garcia Marquez takes the reader on a magical carpet ride through stories so intriguing and fantastic that you cannot leave the book until it is finished. Marquez proves that imagination of an artist is a more potent healing agent than a journalistic narration of "facts." A tour de force! If you read only one book this year let it be the 100 Years of Solitude.
