REVIEW OF ORTHOPEDIC ANESTHESIA

- This is one of those books you look at in the store or library and look at it with an open mind but dont give it much attention. YOU COULD DO NOTHING WORSE! This book deserves FULL attention, and it is great for beginners and experienced numerologists alike. I use it more for a reference book when I do readings for others, and it helps immeasurably. It is very colourful, and very informed. Teaches you how to use numbers in everyday life, what your birthdate means, what your name means in numbers, what the vowels in your name mean etc. etc. etc. IF YOU ARE LOOKING FOR A SIMPLE YET HIGHLY ACCURATE BOOK FOR NUMEROLOGY, THIS IS IT. I had a party with my friends, and pulled it out just for fun, and it surprised everyone how accurate it is. It will help you to understand your souls true purpose, and what you need to do to better your life. Highly Highly recommended.

- Houston exaggerates for effect--not all of the historical characters that he uses were actually at Bisbee. But how could anyone resist using the bigger-than-life leaders of the IWW?
