REVIEW OF DAMODARAN ON VALUATION PDF

- I was a huge fan of Enders Game and Enders Shadow, however, Shadow Of The Hegemon disappointed me. There was almost no action in it. The whole book was just political conversations, so political, that they were hard to follow. What little bit that I was able to follow, was uninteresting. If you were a fan of the rest of the Ender series, I recomend that you at least try this book. That is why I gave it two stars instead of one. You may get something out of this book that I did not. But before you dive into this tale be warned. It is extremely political and almost entirely comprised of long conversation. But at least attempt to read it like I did.
- I can't recomend this book enough if you liked the first one!
