REVIEW OF GLOBAL HEALTH DISEASES PROGRAMS SYSTEMS AND POLICIES

- In an attempt to burst the Krishnamurti

bubble with this book, Radha Sloss doesn't sound very convincing and her insight on many things seems to be quite shallow. For example, when Krishnamurti mentions to her that Alduous Huxley's mind was like a dust bin, instead of seeing the truth of it, she represents this incident in a cynical manner. The way she judges Krishnamurti however casts a shadow on the other main issues as well i.e. his clandestine relationship with Rosalind. In many passages it seems that she deliberately tries to distort facts. An earlier reviewer mentions that Mary Lutyens knew about this relationship. Strange, she should have mentioned it in her books. (I haven't read her "Krishnamurti and the Rajgopals".) What the truth is one shall never know. But

with this book, Mrs. Sloss has definitely taken the salt out of Krishnamurti believers, whether they admit it or not. They may rationalize, disagree or ignore the contents of the book but the seed of skepticism is well and truly sown. Perhaps Krishnamurti would have been happy with this posthumous publication as he always maintained that it is the teachings that matter and not the teacher. He despised any cult following after his death and this book would probably do just that.

- The fourteenth Cadfael book I have read and it was as enjoyable as the first thirteen. I admit that some of the plots have been predictable, but this is easily overlooked because Peters does such an expert job at bringing the 12th century to life, and Cadfael is such an

entertaining character. This particular installment happens to be one of the better mysteries in the series. Like the previous thirteen, it is a well-written and finely crafted story, but there are also some clever surprises. It is a cut above

the average Cadfael book, but doesn't quite reach the five star qualities of the first two (*Morbid Taste for Bones* and *One Corpse Too Many*) that are true mystery classics.
