In the 1930s and 1940s Marxist academics and others interested in liberal political reform often faced virulent accusations of treason from nationalist critics. In *Arbiters of Patriotism*, John Person explores the lives of two of the most notorious right-wing intellectuals responsible for leading such attacks in prewar and wartime Japan: Minoda Muneki (1894–1946) and Mitsui Kōshi (1883–1953) of the Genri Nippon (Japan Principle) Society. As fervent proponents of Japanism, the ethno-nationalist ideology of Imperial Japan, Minoda and Mitsui appointed themselves judges of correct nationalist expression. They built careers out of publishing polemics condemning Marxist and progressive academics and writers, thereby ruining dozens of livelihoods. Person traces Japanism's rise to literary and philosophical

developments in the late-Meiji (1868-1912) and Taisho (1912-1926) eras, when vitalist theories championed emotion and volition over reason. Founding their ideas of nationalism on the amorphous regions of the human psyche, Japanists labeled liberalism and Marxism as misunderstandings of the national particularities of human experience. For more than a decade, government agents and politicians used Minoda's and Mitsui's publications to remove their political enemies and advance their own agendas. But in time they came to regard both men and other nationalist intellectuals as potential thought criminals. Whether collaborating with the government to crush the voices of class struggle or becoming the targets of police surveillance themselves, Minoda and Mitsui came to embody the paradoxically hegemonic yet arbitrary nature of nationalist ideology in Imperial Japan. In this thorough examination of the Genri Nippon Society and its members, *Arbiters of Patriotism* provides a tightly argued and compelling account of the cosmopolitan roots and unstable networks of Japanese ethno-nationalism, as well as its self-destructive trajectory.

Accurately Printed from the Text of the Corrected Copy Wipf and Stock Publishers

This set combines Person's book, *Candlestick and Pivot Point Trading Triggers* with Person's DVD, *Candlesticks and Pivot Point Strategies*. Person shows how to use *Candlesticks and Pivot Points* together to define market conditions; identify support/resistance points; and spot tradable patterns. A veteran trader who has studied virtually every technical indicator in existence, Person explains how he combines existing approaches

with his own unique indicators to develop an edge in the marketplace. The combination allows him to spot high-risk, high-reward trades and place profit targets and stop losses at price points that maximize chances for profits over a series of trades. The book/video set will take you inside the mind of a successful trader and give you the tools to navigate and trade the market in much more informed and confident manner.

The Dramatic Works of William Shakspeare, with Explanatory Notes Manchester University Press

The late twentieth and early twenty-first centuries have seen a renaissance in the study of virtue -- a topic that has prevailed in philosophical work since the time of Aristotle. Several major developments have conspired to mark this new age. Foremost among them, some argue, is the birth of virtue ethics, an approach to ethics that focuses on virtue in place of consequentialism (the view that normative properties depend only on consequences) or deontology (the study of what we have a moral duty to do). The emergence of new virtue theories also marks this new wave of work on virtue. Put simply, these are theories about what virtue is, and they include Kantian and utilitarian virtue theories. Concurrently, virtue ethics is being applied to other fields where it hasn't been used before, including

bioethics and education. In addition to these developments, the study of virtue in epistemological theories has become increasingly widespread to the point that it has spawned a subfield known as 'virtue epistemology.' This volume therefore provides a representative overview of philosophical work on virtue. It is divided into seven parts: conceptualizations of virtue, historical and religious accounts, contemporary virtue ethics and theories of virtue, central concepts and issues, critical examinations, applied virtue ethics, and virtue epistemology. Forty-two chapters by distinguished scholars offer insights and directions for further research. In addition to philosophy, authors also deal with virtues in non-western philosophical traditions, religion, and psychological perspectives on virtue.

Person, Personhood, and the Humanity of Christ John Wiley & Sons

The quest for an understanding of humanness has been significant. As the ways in which we recognize and define our human being have significant impact, wide-ranging discussions and questions about the human have taken place, with significant theoretical and practical implications. In *Person, Personhood, and the Humanity of Christ*, Hakbong Kim explores Thomas F. Torrance's critiques of the dualist and individualistic views concerning human beings in the history of philosophy and theology. This book sheds important light on Torrance's understanding of humans as persons in relation, the trinitarian personhood as the ontological foundation for human personhood, and the humanity of Christ as key to the personalization

necessary for a new moral, ethical, and social life. This presents a Christocentric anthropology and ethics, which focuses on Christ's ongoing reconciling and humanizing ministry for us.

Mastering the Stock Market John Wiley & Sons

Praise for FOREX CONQUERED "In this amazing book, John covers it all. From trading systems to money management to emotions, he explains easily how to pull money consistently from the most complicated financial market in the world. John packs more new, innovative information into this book than I have ever seen in a trading book before." —Rob Booker, independent currency trader "John Person is one of the few rare talents that are uniquely qualified to help traders understand the process of successful trading. With today's markets becoming increasingly challenging, John has cut right into the essentials and brought forward the much-needed tools of forex trading. This clear and well-organized

publication is a major step forward in helping traders gain an edge. I would highly recommend *Forex Conquered* as a valuable handbook for both aspiring and experienced traders alike." —Sandy Jadeja, Chief Market Analyst and Editor, London Stock Exchange, London, England "Forex Conquered is a bold title, but this book delivers the tools needed for successful forex trading. There is no fluff here, just the wisdom of a trading veteran that I have always respected and followed." —Michael Kahn, Editor, Quick Takes Pro market letter and Columnist, Barron's Online "This is a wonderful, in-depth view into the explanation of technical analysis and prudent money management guidelines in the forex market." —Blake Morrow, President, 4XMadeEasy "Forex Conquered is a meaningful contribution to the growing number of books on forex trading. John Person provides a professional view of forex trading that readers will be able to use as a guide for strategies and tactics that work. The scope of the book covers more than forex and includes salient aspects of futures and option trading. It should be read and then re-read!" —Abe Cofnas, President, Learn4x.com Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Official Register of the United States BRILL

In his first book, *A Complete Guide to Technical Trading Tactics*, John Person introduced traders to the concept of integrating candlestick charting with pivot point analysis. Now, in *Candlestick and Pivot Point Trading Triggers*, he goes a step further and shows you how to devise your own setups and triggers—in the stock, forex, and futures markets—based on a moving average

approach. Note: Website and other supplementary materials are not included as part of eBook file.

In which Nothing is Added to the Original Text, But Those Words and Expressions are Omitted which Cannot with Propriety be Read in a Family John Wiley & Sons

Ethicists and psychologists have become increasingly interested in the development of virtue in recent years, approaching the topic from the perspectives of virtue ethics and developmental psychology respectively. Such interest in virtue development has spread beyond academia, as teachers and parents have increasingly striven to cultivate virtue as part of education and child-rearing. Looking at these parallel trends in the study and practice of virtue development, the essays in this volume explore such questions as: How can philosophical work on virtue development inform psychological work on it, and vice versa? How should we understand virtue as a dimension of human personality? What is the developmental foundation of virtue? What are the evolutionary aspects of virtue and its development? How is virtue fostered? How is virtue exemplified in behavior and action? How is our conception of virtue influenced by context and by developmental and social experiences? What are the tensions, impediments and prospects for an integrative field of virtue study? Rather than centering on each discipline, the essays in this volume are organized around themes and engage each other in a broader dialogue. The volume begins with an introductory essay from the editors that explains the full range of philosophical and empirical issues that have surrounded the notion of virtue in recent years.

The Christian Palladium University of Hawaii Press

Noted technical analyst John Person outlines a comprehensive method to pinpointing today's best trading opportunities. The economy and stock market are heavily influenced by seasonal factors. For example, a strong holiday buying season tends to be bullish for retail stocks or rising energy costs hurt airline profitability. Awareness of seasonal trends in both the economy and stock market can put you in a better position to profit from sectors and stocks that are likely to outperform the overall market. And technical tools can then be used to confirm emerging trends and time entries into these stocks and sectors. *Mastering the Stock Market* provides authoritative insights into a method for trading stocks based on seasonal trends, sector analysis, and market timing. Taking a top-down approach, the book explains how seasonal supply/demand forces impact commodities and different sectors of the stock market. After learning how to identify stock market sectors and commodity ETFs that are ripe for a big move, you'll quickly discover how to use technical analysis to gauge the strength of the sector or commodity and then identify the strongest stocks and ETFs to trade. Along the way, you'll also learn how to use the author's own indicators, *Persons Pivots*, to identify support/resistance areas and pinpoint optimal entry and exit points. Outlines a proven technical approach for trading stocks based on seasonal trends, sector analysis, and market timing. Breaks new ground in comparative relative strength, trading volume, breadth indicators, and utilizing pivot analysis in conjunction with options expiration days to identify trading opportunities. Written by noted

technical analyst John L. Person. To successfully trade today's markets you need to use a proven approach and have the discipline to effectively implement it. *Mastering the Stock Market* has what you need to achieve these goals and capture consistent profits along the way.

REVIEW OF JOHN PERSONS D

- I got this book because of the Whispersync, so the audiobook came with it. Love the concept and the enjoyed the book.
- Ein mitreissendes Buch, welches ich jedem weiterempfehlen kann, der gerne Frauenromane liebt! Der Stil ist heute noch gut leserlich und bereits nach wenigen Seiten taucht man in die Struktur ein. Der Inhalt lässt sich schnell erfassen und das Buch ist an zwei Abenden durch. Bis zum letzten Kapitel spannend und mitreissend! See my list "Great German Books".
