Overall, our analysis of Peugeot Kisbee has provided us with an abundant understanding of the narrative and its literary potential. We extremely suggest this publication to viewers who are trying to find a thought-provoking and mentally impactful read.

### **REVIEW OF PEUGEOT KISBEE**

- What struck me the most is - unfortunately - how timeless the book is. It wasn't the current political environment that drew me to the it, yet it's relevancy can't be denied (I'm a former English

major and have been reading some of the classics that my education neglected). That being said, a lot of comparisons can be drawn between Saddam Hussein and "1984's" Goldstein (keep in mind I'm no Kerry supporter). I'm not saying Saddam's atrocities are fictitious, but they certainly were embellished to gain the support of the masses for a war the United States is incapable of winning. Now that war is being used by the Bush Administration (read Big Brother) to make a case for its being elected to another term. Or, to paraphrase Dick Cheney, if the other guy gets elected, you might die. I hate Big Brother. The manner in which Orwell gets his point across is a little gimmicky at times (a manual on how the government operates, as well as one on the language), although I doubt many writers could construct a better way of getting across their point. It's not anything that would detract from a five-star rating.

- This book creeps. The work took on a life of its own and conveyed more than Orwell intended. The mood betrayed Orwell's own confrontation with the inevitable. He endured to finish the work before his death. His analysis of a world left to authoritarian control reached that point of no return where sequential logic becomes prophetic. In that unexpected place his gaze was able to penetrate even the iron curtain and the atrocities happening in Russia. He also presented an organic scene where new technology could potentially be used for control and surveillance. That state of innovation and our responsibility to administer it will always resonate. Orwell allows us to plod along with Winston, who despite the desperation of his situation, manages to convey hope through education to his audience. The cautionary message: it could happen to us. The threats may now be wearing different masks, but the dangers will always be present. This well established literary work presents a bold fight against relativism and is an equalizer of all political systems because it is the result of any one taken to the point of perversion.
