REVIEW OF HEILEURYTHMIE

- This book is a bit of a disappointment. Although it contains some beautiful, artistic pictures, I was looking for a book that would highlight all the

specific cities and villages with actual photos--not artsy shots. I wanted a book that would remind me of my trip to Nice, Monaco etc. and this one does not.

- This book was obviously written by someone who LOVES the scriptures and has been wonderfully blessed with the gift of

conveying simple truths that we too often obfuscate. I have been teaching through the Minor Prophets in my Women's Bible study and have found this book of tremendous assistance. Do you desire to know what the Bible is all about? Then *this* is the book for you! Grace and Peace . . .
