#### **REVIEW OF SET FOR LIFE DOMINATE LIFE MONEY AND THE AMERICAN DREAM**

- No one describes a creature like Alan Dean Foster! Hands down, the very best. His silverslith sent shivers down my arms. I've read it many times, and I even use it to teach my students how to write a descriptive paragraph. His mind knows no bounds when inventing animals, plants, and humans. Probably my favorite fantasy book of all times (though Mid-Flinx) comes in a close second.

- I had been meaning to read Tess for years and finally did this past week. I was mainly disappointed. The book starts off well...but it seems that 2/3 or so of the way through, the author became rushed....and the story becomes so slapdash and contrived I could not believe in the

situations and definitely could no longer believe in the characters. The second quarter of this book, when Tess is at the dairy farm, is the strongest part. Hardy slows down; we believe in the characters and most of the emotions, and there is some wisdom and beautiful writing to be found here. After this point, it is, sadly, all downhill... I kept throwing up my hands in disgust.
