REVIEW OF FILING IMMIGRATION

PAPERWORK

- Trust me, this book isn't even close to covering the exam questions. Don't trust me? Take Microsoft's practice exams and see for yourself how this book fails to even answer those! If you bought this book already, call MSPress and demand your money back. This has to be one of the worst study guides ever written. I also feel sorry for all the MCTs who teach the official ATEC course, since the material in this book is identical to the class material.

- this is a novel that i never thought i'll be able to pick up and just read straight through.

ive been waiting for someone to write about how money doesnt make you a happy man. so to speak. its ok to have enough to be comfortable but not greedy. the main character were so strong that at one time i just wanted to jump up and say 'you go girl'. this is a book for everybody, man or lady, to see that money isnt power. you have to learn to love and enjoy what you have before its too late. the only thing you'll get out of for being as money hungry as curtis is being by yourself and miserable and believe me when i say curtis got what was coming to him!
