## ZERO ZERO ZERO SAVIANO SUMMARY: UNLOCK YOUR NEXT LITERARY EXPERIENCE WITH OUR CONCISE REVIEWS

One Man and the Battle for Rio Penguin UK

'War' is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades. As rival cartels battle for control of a billion-dollar drug trade, the body count - 23,000 dead in five years - and sheer horror beggar the imagination of journalistic witnesses. Cartel gunmen have attacked schools and rehabilitation centers, and murdered the entire families of those who defy them. Reformers and law enforcement officials have been gunned down within hours of taking office. Headless corpses are dumped on streets to intimidate rivals, and severed heads are rolled onto dancefloors as messages to would-be opponents. And the war is creeping northward, towards the United States. *El Narco* is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone. It is a piercing portrait of a drug trade that turns ordinary men into mass murderers, as well as a diagnosis of what drives the cartels and what gives them such power. Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires. The narco cartels are a threat to the Mexican government - and their violence has now reached as far as North Carolina. *El Narco* is required reading for anyone concerned about one of the most important news stories of the decade.

The Mastermind Pan Macmillan

"A riveting and emotionally harrowing debut about two young brothers and their physically and psychologically abusive father--One of the Boys is 160 perfect, stunning pages by a major new talent"--

*Brittle with Relics* Faber & Faber

"First published in the United Kingdom in 2015 by Jonathan Cape, an imprint of Vintage Publishing."

ZeroZeroZero Milo Books Ltd

For fans of the Netflix show *Narcos* and readers of true crime, *Kilo* is a deeply reported account of life inside Colombia's drug cartels, using unprecedented access in the cartels to trace a kilo of cocaine—from the fields where it is farmed, to the hit men who protect it, to the smuggling ships that bring it to American shores. "Toby Muse's tautly written account of his intimate prowling through Colombia's narco world is both compelling and unforgettable. With *Kilo*, cocaine now has its own Dispatches. Simply kickass." — Jon Lee Anderson, *The New Yorker* and author of *Che Guevara: A Revolutionary Life* Cocaine is glamour, sex and murder. From the badlands of Colombia, it stretches

across the globe, seducing, corrupting and destroying. A product that must be produced, distributed, and protected, it is both a harbinger of violence and a source of immense wealth. Beginning in the jungles and mountains of Colombia, it filters down to countryside villages and the nightclubs of the cities, attracting money, sex, and death. Each step in the life of a kilo reveals a different criminal underworld with its own players, rules, and dangers, ranging from the bizarre to the diabolical. The killers, the drug-lords, all find themselves seduced by cocaine and trapped in her world. Seasoned war correspondent Toby Muse has witnessed each level of this underworld, fueled by the appetite for cocaine in America and Europe. In this riveting chronicle, he takes the reader inside Colombia's notorious drug cartels to offer a never before look at the drug trade. Following a kilo of cocaine from its production in a clandestine laboratory to the smugglers who ship it abroad, he reveals the human lives behind the drug's complicated legacy. Reporting on Colombia for the world's most prestigious networks and publications, Muse gained unprecedented access to the extraordinary people who survive on the drug trade—farmers, smugglers, assassins—and the drug lords and their lovers controlling these multi-billion dollar enterprises. Uncovering stories of violence, sex, and money, he shows the allure and the madness of cocaine. And how the War on Drugs has been no match for cocaine. Piercing this veiled world, *Kilo* is a gripping portrait of a country struggling to end this deadly trade even as the riches flow. A human portrait of criminals and the shocking details of their lives, *Kilo* is a chilling, unforgettable story that takes you deep into the belly of the beast. *Kilo* includes 16 pages of photographs.

**Zero Zero Zero** A&C Black

From the international bestselling author of *Gomorra*, this is a deeply personal and candid portrait of Italy today: a place of trafficking and toxic waste, where votes can be bought and sold, where organized crime ravages both north and south - yet also where many courageous individuals defy the system, and millions work tirelessly for a better future. 'Saviano is a blazingly vivid and courageous writer' Independent 'A national hero' Umberto Eco 'Saviano has an astonishing ability to write luminously yet subtly about terrible things' *Le Parisien* 'Brave and passionate' *Guardian* 'One of the world's finest investigative journalists' *GQ*

*ZeroZeroZero* Little, Brown

Perhaps no twentieth century writer was so observant and elegant a chronicler of his times as Truman Capote. Whether he was profiling the rich and famous or creating indelible word-pictures of events and places near and far, Capote's eye for detail and dazzling style made his reportage and commentary undeniable triumphs of the form. *Portraits and Observations* is the first volume devoted solely to all the essays ever published by this most beloved of writers. From his travel sketches of Brooklyn, New Orleans, and Hollywood, written when he was twenty-two, to meditations about fame, fortune, and the writer's art at the peak of his career, to the brief works penned during the isolated

denouement of his life, these essays provide an essential window into mid-twentieth-century America as offered by one of its canniest observers. Included are such celebrated masterpieces of narrative nonfiction as "The Muses Are Heard" and the short nonfiction novel "Handcarved Coffins," as well as many long-out-of-print essays, including portraits of Isak Dinesen, Mae West, Marcel Duchamp, Humphrey Bogart, and Marilyn Monroe. Among the highlights are "Ghosts in Sunlight: The Filming of In Cold Blood," "Preface to Music for Chameleons, in which Capote candidly recounts the highs and lows of his long career, and a playful self-portrait in the form of an imaginary self-interview. The book concludes with the author's last written words, composed the day before his death in 1984, the recently discovered "Remembering Willa Cather," Capote's touching recollection of his encounter with the author when he was a young man at the dawn of his career. Portraits and Observations puts on display the full spectrum of Truman Capote's brilliance. Certainly, Capote was, as Somerset Maugham famously called him, "a stylist of the first quality." But as the pieces gathered here remind us, he was also an artist of remarkable substance.

At [blog.amf.com](http://blog.amf.com), we are dedicated to aiding you discover your following great checked out by offering succinct and insightful Zero Zero Zero Saviano book recaps in different categories. ## REVEALING TRICK INSIGHTS OF ZERO ZERO ZERO SAVIANO

Our publication summaries provide much more than a quick review of the story - we look into the heart of the tale and reveal the key insights that make each publication distinct. Whether it's a page-turning thriller or an introspective narrative, we give a taste of Zero Zero Zero Saviano essence to assist you determine if it's the ideal suitable for you.

### COMPREHENDING CHARACTERS IN ZERO ZERO ZERO SAVIANO

*Savage Kiss* HarperCollins

In Roberto Saviano's *The Opposite of Death*, a town in southern Italy is haunted by the war in Afghanistan, where one by one its sons are dying. In *Ferengi*, Carlo Lucarelli explores the Italian settlement of Eritrea a century ago, when the actions of a maid became pivotal to the fate of an exploitative colonial family. Valeria Parrella's *The Prize*, set in the Italian countryside during the Second World War, reminds us that revenge is a dish best served cold, while Piero Colaprico's *Stairway C* is a breathless Milanese crime novel in miniature. Grassroots writers' collective Wu Ming

show how an Italian cheese-maker can become a hero in *American Parmesan*, and in *Another Kind of Solitude*, Simona Vinci suggests that it is only when we are on the outside, or alone, that we find true freedom.

### a cocaína governa o mundo Farrar, Straus and Giroux

In Italy's impoverished south, choices are limited. Rules and traditions are more powerful than the lives of individuals, and young Italians who stand on the right side of the law still find themselves on the frontline. In *'The Opposite of Death'*, Maria is a seventeen-year-old widow before she has even made it to the altar; her fiancé enlisted and died in Afghanistan to avoid a life controlled by the mafia. In *'The Ring'*, a tale of bloody vengeance, a young woman comes to visit from the north, bringing with her ignorance and prejudice. Two women at separate poles of experience. Roberto Saviano has become a symbol of a whole generation of lost young Italians; these stories demonstrate once more the commitment to truth and justice that made *Gomorra* such an exceptionally brave book.

*What the neuroscience of magic reveals about our brains* Macmillan

In the early hours of an August 2007 morning a gunfight broke out in an Italian restaurant in Duisburg, Germany; in less than five minutes over seventy shots were fired into the bodies of six men. Both the victims and the assassins were members of the 'Ndrangheta crime organization. Calabria's Mafia had brazenly shown its savage influence outside Italy for the first time. In *The Honored Society* award-winning investigative reporter Petra Reski reveals the Mafia menace lurking throughout the world-- from espresso bars in Palermo to European halls of parliament to the corporate headquarters of enormous agricultural firms. In haunting and exquisite prose she explores the Byzantine structure of the 'Ndrangheta, Cosa Nostra and other mafia clans throughout Italy -- the code they live by, the destruction they wreak, how they operate within the country and how they operate internationally. She shows how these syndicates dominate everything from nuclear waste disposal to hotel chains to the marijuana trade in Australia and cocaine trafficked throughout the world. Reski shows how figures such as Silvio Berlusconi were made by the Mafia, and how those who dared to defy its codes were broken. A searing portrait of the criminals who have come to control not only Italy but vast swathes of the globe, *The Honored Society* is a journalistic tour de force.

### A Novel Brombergs Bokförlag

Since publishing his searing expose of their criminal activities, the author has received so many death threats from the Camorra that he has been assigned police protection. In pursuit of his subject, Saviano worked as an assistant at a Chinese textile manufacturer and on the construction site, both controlled by "the System".

[The Untold Story of the Insider Who Brought Down the Cali Cartel](#) Random House Incorporated

The second book in a much loved Italian travel memoir trilogy which also includes the delightful *When in Rome* and *Girl by Sea*. After three years living and working in Italy, Australian journalist Penelope Green needs a reason to stick around - true love or gainful employment. When a job comes up in Naples - crime capital of Italy, home of pizza and the Camorra, and crouched at the foot of a

volcano - Penny launches herself into the unknown. With her innate curiosity and eye for detail, Penny prises Naples open to show us the real city, in all its splendour... and all its depravity. She uncovers a chaotic metropolis when crime and poverty blur with abundant natural beauty, and where the shadow of Mount Vesuvius is a daily reminder that life must be lived for the moment. And when Penny meets a bass player in a local band, she thinks she might have found that other reason to stick around. 'This is a bewitching, true tale of a tantalising city. Magnifico!' - Marie Claire 'frank, funny and honest' - Notebook 'Her down to earth tone and genuine curiosity make for an interesting and insightful read' - Sun-Herald Author Biography Penelope Green was born in Sydney and worked as a print journalist around Australia for a decade before moving to Rome in 2002. Her first book, *When in Rome*, recounts her early experiences in the Eternal City. In 2005 she moved to Naples to work for ANSAmed, a Mediterranean news service. She found an apartment in the city's colourful Spanish Quarter, worked hard at mastering the Neapolitan dialect, and writing her second travel memoir, *See Naples and Die*. *Girl by Sea* completes Penny's Italian experience as she moves to the idyllic island of Procida, across the bay from Capri, with her Italian partner, Alfonso. The couple have now returned to Australia, where they are making a new life for themselves back in the Southern hemisphere. For more information visit [penelopegreen.com.au](http://penelopegreen.com.au)

*Portraits and Observations* Vintage Canada

The incredible true story of the decade-long quest to bring down Paul Le Roux--the creator of a frighteningly powerful Internet-enabled cartel who merged the ruthlessness of a drug lord with the technological savvy of a Silicon Valley entrepreneur "Evan Ratliff has pried open a hidden world of high-tech gangsters and drug kingpins and double-crossers and stone-cold hitmen."--David Grann, author of *Killers of the Flower Moon* It all started as an online prescription drug network, supplying hundreds of millions of dollars' worth of painkillers to American customers. It would not stop there. Before long, the business had turned into a sprawling multinational conglomerate engaged in almost every conceivable aspect of criminal mayhem. Yachts carrying \$100 million in cocaine. Safe houses in Hong Kong filled with gold bars. Shipments of methamphetamine from North Korea. Weapons deals with Iran. Mercenary armies in Somalia. Teams of hit men in the Philippines. Encryption programs so advanced that the government could not break them. The man behind it all, pulling the strings from a laptop in Manila, was Paul Calder Le Roux--a reclusive programmer turned criminal genius who could only exist in the networked world of the twenty-first century, and the kind of self-made crime boss that American law enforcement had never imagined. For half a decade, DEA agents played a global game of cat-and-mouse with Le Roux as he left terror and chaos in his wake. Each time they came close, he would slip away. It would take relentless investigative work, and a shocking betrayal from within his organization, to catch him. And when he was finally caught, the story turned again, as Le Roux struck a deal to bring down his own organization and the people he had once employed. Award-winning investigative journalist Evan Ratliff spent four years piecing together this intricate puzzle, chasing Le Roux's empire and his shadowy henchmen around the world, conducting hundreds of interviews and uncovering thousands of documents. The result is a riveting, unprecedented account of a crime boss built by and for the digital age. Advance praise for *The Mastermind* "A true crime classic"--Publishers Weekly (starred review) "If truth is stranger than

fiction, then *The Mastermind* is the truest book you'll read this year. The only thing predictable about it is how quickly you'll turn the pages."--Noah Hawley, author of *Before the Fall* and creator of the TV series *Fargo*

Personalities are the driving force of the tale, and we take a closer look at their characters, motivations, and partnerships. With our personality evaluations, you can get a better understanding of their roles in *Zero Zero Zero Saviano* tale and exactly how they add to the general narrative.

## BEGINNING CHECKING OUT ZERO ZERO ZERO SAVIANO TODAY

*Red Mafiya* Hachette Australia

An electrifying, internationally bestselling investigation of the global cocaine trade now a series on Prime Video starring Andrea Riseborough, Dane DeHaan, and Gabriel Byrne, from the author of the #1 international bestseller *Gomorra* "Zero zero zero" flour is the finest, whitest available. It is also the nickname among narcotraffickers for the purest cocaine on the market. And it is the title of

Roberto Saviano's unforgettable exploration of the inner workings of the global cocaine trade—its rules and armies, and the true depth of its reach into the world economy. Saviano's *Gomorra*, his explosive account of the Neapolitan mob, the Camorra, was a worldwide sensation. It struck such a nerve with the Camorra that Saviano has lived with twenty-four-hour police protection for more than eight years. During this time he has come to know law enforcement agencies and officials around the world. With their cooperation, Saviano has broadened his perspective to take in the entire global "corporate" entity that is the drug trade and the complex money-laundering operations that allow it to function, often with the help of the world's biggest banks. The result is a harrowing and groundbreaking synthesis of literary narrative and geopolitical analysis exploring one of the most powerful dark forces in our economy. Saviano tracks the shift in the cocaine trade's axis of power, from Colombia to Mexico, and relates how the Latin American cartels and gangs have forged alliances with crime syndicates across the globe. He charts the increasing sophistication of these criminal entities as they diversify into other products and markets. He also reveals the astonishing increase in the severity of violence as they have fought to protect and extend their power. Saviano is a writer and journalist of rare courage and a thinker of impressive intellectual depth, able to see connections between far-flung phenomena and bind them into a single epic story. Most drug-war narratives feel safely removed from our own lives; Saviano offers no such comfort. Both heart-racing and eye-opening, *ZeroZeroZero* is an investigative story like none other. Praise for *ZerZeroZero*: "[Saviano] has developed a literary style that switches from vivid descriptions of human depravity to a philosophical consideration of the meaning of violence in the modern world. . . . Most important of all is the hope Saviano gives to countless victims of criminal violence by standing up to its perpetrators." —Financial Times

[The Gripping Story of How British Agents Infiltrated the Colombian Drug Cartels](#) MacLehose Press

Traces the 1990s collaborative effort between two U.S. agents and a security chief for a notorious Colombian drug cartel to dismantle the organization and bring its leaders to justice, a life-risking venture marked by a race to extract damaging evidence and protect the life of a key witness.

### **ZeroZeroZero** Nation Books

Tom Chandler arrived in Bogotá at the height of the cocaine boom. Pablo Escobar lay dead, the Cali Cartel had taken over much of the global supply, and an avalanche of coke was poised to hit Europe. Now the British government wanted Chandler and his team to do the impossible: infiltrate the most powerful crime syndicates on earth and stop their drug shipments. It was a perilous assignment. The cartel bosses operated like a lethal multi-national, with armies of hitmen and myriad spies in ports, airports, police stations and government offices. Their intelligence systems flushed out turncoats and traitors, and they ruthlessly exterminated their enemies. Yet Chandler, an HM Customs investigator fluent in Spanish, knew he could only succeed by recruiting local informants, and went out into the field to find them. Within four years he had a network of fifty agents buried deep inside the trafficking organisations. The result was unprecedented. Their intel led to the arrest of hundreds of narcos and to the seizure of 300 tonnes of drugs, worth a staggering \$3 billion. Chandler's web disrupted the Bogotá mafia, who controlled the main airport and boasted they could put anything on a plane, from drugs to bombs; penetrated the go-fast crews who raced coke-laden speedboats to the

transit station of Jamaica; dismantled the 'rip-on' teams who smuggled through the coastal ports; and identified the so-called motherships, the largest method of bulk transit ever discovered. He faced appalling risks. Treacherous stool pigeons worked for both sides, and some of his Colombian law-enforcement colleagues were abducted, tortured and killed. Chandler too faced a grave threat when the crime lords learned he was responsible for a string of interdictions. Yet he persisted, driven to continue with the greatest series of sustained seizures ever made, until he finally burned out and his tour of duty came to an end. Two of his best sources were subsequently murdered, and his bosses dropped the entire overseas informant programme, with dire consequences. *Narco Wars* is an unflinching story of danger fear and stress, and of the tradecraft and unsung heroism of the agents and their handlers.

*The Life and Times of John Wilmot, Earl of Rochester* Verso Books

Examines the history of cocaine from its first medical uses to the worldwide issues it presents today, taking readers into such locations as the isolation cells of America's prisons, crack houses in New York, and the jungles of Bolivia and Colombia, tracing its manufacture and chronicling the accounts of its cultivators, traffickers, and fighters. 15,000 first printing.

#### **Global Drug Trafficking** Hardie Grant

In *MAFIA REPUBLIC*, John Dickie, Professor of Italian Studies at University College, London and author of the international bestsellers *COSA NOSTRA* and *MAFIA BROTHERHOODS*, shows how the Italian mafias have grown in power and become more and more interconnected, with terrifying consequences. In 1946, Italy became a democratic Republic, thereby entering the family of modern western nations. But deep within Italy there lurked a forgotten curse: three major criminal brotherhoods, whose methods had been honed over a century of experience. As Italy grew, so did the mafias. Sicily's Cosa Nostra, the camorra from Naples, and the mysterious 'ndrangheta from Calabria stood ready to enter the wealthiest and bloodiest period of their long history. Italy made itself rich by making scooters, cars and handbags. The mafias carved out their own route to wealth through tobacco smuggling, construction, kidnapping and narcotics. And as criminal business grew exponentially, the mafias grew not just more powerful, but became more interconnected. By the 1980s, Southern Italy was on the edge of becoming a narco-state. The scene was set for a titanic confrontation between heroic representatives of the law, and mafiosi who could no longer tolerate any obstacle to their ambitions. This was a war for Italy's future as a civilized country. At its peak in 1992-93, the 'ndrangheta was beheading people in the street, and the Sicilian mafia murdered its greatest enemies, investigating magistrates Giovanni Falcone and Paolo Borsellino, before embarking on a major terrorist bombing campaign on the Italian mainland. Today, the long shadow of mafia history still hangs over a nation wracked by debt, political paralysis, and widespread corruption. While police put their lives on the line every day, one of Silvio Berlusconi's ministers said that Italy had to 'learn to live with the mafia'; suspicions of mafia involvement still surround some of the country's most powerful media moguls and politicians. The latest investigations show that its reach is astonishing: it controls much of Europe's wholesale cocaine trade, and representatives from as far away as Germany, Canada and Australia come to Calabria to seek authorisation for their affairs. Just when it thought it had finally contained the mafia threat, Italy is now discovering that it

harbours the most global criminal network of them all.

#### **ZeroZeroZero** Penguin

"Without this testimony, we simply cannot grasp what is going on . . . Americans would do well to read [*Gangster Warlords*]." --The New York Times Book Review, Editor's Choice From the author of *El Narco*, the shocking story of the men at the heads of cartels throughout Latin America: what drives them, what sustains their power, and how they might be brought down. In a ranch south of Texas, the man known as The Executioner dumps five hundred body parts in metal barrels. In Brazil's biggest city, a mysterious prisoner orders hit-men to gun down forty-one police officers and prison guards in two days. In southern Mexico, a meth maker is venerated as a saint while enforcing Old Testament justice on his enemies. A new kind of criminal kingpin has arisen: part CEO, part terrorist, and part rock star, unleashing guerrilla attacks, strong-arming governments, and taking over much of the world's trade in narcotics, guns, and humans. What they do affects you now--from the gas in your car, to the gold in your jewelry, to the tens of thousands of Latin Americans calling for refugee status in the U.S. *Gangster Warlords* is the first definitive account of the crime wars now wracking Central and South America and the Caribbean, regions largely abandoned by the U.S. after the Cold War. Author of the critically acclaimed *El Narco*, Ioan Grillo has covered Latin America since 2001 and gained access to every level of the cartel chain of command in what he calls the new battlefields of the Americas. Moving between militia-controlled ghettos and the halls of top policy-makers, Grillo provides a disturbing new understanding of a war that has spiraled out of control--one that people across the political spectrum need to confront now.

Since you have actually seen what we need to supply, it's time to start exploring Zero Zero Zero Saviano summaries! ## REVIEW OF ZERO ZERO ZERO SAVIANO

- By means of correspondence between two devils, Lewis describes the invisible reality of spiritual warfare, as well as the temptations facing believers in a hostile well. The variety of temptations gives much food for thought about the spiritual warfare that is going on in the reader's own life (Eph. 6). The premise of this novel has been used by Randy Alcorn in his recent book "Lord Foulgrin's

Letters". Although I haven't read Alcorn's book personally, it's my understanding that this is a readable and successful contemporary version of the Lewis classic. Nobody, not even Alcorn, however, can expect to surpass the shining literary and theological achievement of C.S. Lewis in "The Screwtape Letters." An essential classic!

- I had done yoga seriously for 10 years in my 30's, but when I took it up again, to attempt to alleviate increasing 'aches and pains', I thought I was becoming 'too old' at age 53, because I couldn't do it as well as when I was younger. This book showed me that people older than I am were continuing to practice yoga. Now, at 57, I'm enjoying yoga more than I ever did when I was younger; I'm appreciating it on many more levels than simply the physical; AND my back pain is gone, my shoulder tension and sciatica are reduced to mild discomfort when tired, my ankles and wrists are more flexible than they've ever been. All this, thanks to the encouragement of a picture book, (as well as an excellent teacher who trained with the author) to reinforce the previous experience I've had with yoga. Now my 59 year old husband is beginning yoga, using the book. It's excellent.
