- David Remnick writes in his book, "Once the regime eased up enough to permit a full-scale examination of the Soviet past, radical change was inevitable. Once the System showed itself for what it was and had been, it was doomed."Gorbachev's perestroika and glasnost reforms opened Pandora's Box of freedom. Once the people experiences freedoms, they wanted more. Without a tyrant in control anymore, like Gorbachev's predecessors, nothing could hold the Soviet Empire together anymore.I highly recommend this book. I also recommend "The Cold War: A New History" by John Lewis Gaddis," "Reagan and Gorbachev: How the Cold War Ended" by Jack Matlock (Reagan's top advisor and ambassador to USSR), "America, Russia, and the Cold War, 1945-2002" by Walter LaFeber and "The Cold War: The United States and the Soviet Union, 1917-1991" by Ronald Powaski. Also read Ronald Reagan's autobiography "An American Life." Reagan himself debunks the false claim that he destroyed the USSR. In fact, he and Gorbachev became friends and peacefully ended the cold war a few years before Gorbachev fell from power. Reagan wrote that he was concerned that his friend Gorbachev might be harmed by Soviet hardliners in a coup. He turned out to be right.A coup was staged, but it failed. That's when the unraveling accelerated.
