Bonnie's greatest fears have come true: unemployed, homeless, bankrupt, as well as alienated from family and friends. In a

desperate effort to salvage her life, she flees California in search of long-lost New York girlfriends. However, she soon discovers them trapped in a complex real-estate scam, as one of them purchased a rundown Gilded Age mansion at the edge of a remote as well as fiercely disputed forest, a place with a reputation; people enter and mysteriously return unfit to live. Unknown to them, this remote forest represents a truly great real-world experiment of the bizarre and grotesque, a neologic syncretism, a frontier without pesky checks and balances, the darker side of free enterprise, the side of obsession and addiction, a brave new world, and a place

controlled by powerful special interests too big to fail, controlled by the ultimate insiders, who seem hell bent on a leap fifty years ahead of the competition, in search of pure profit and tremendous control over the world economic system. So they obsessively tinker with nature and ignore the fundamental rules, a tyranny of small decisions, and this great experiment goes wrong, and these ultimate insiders create a magnificent freak, a true techno glory, and yet a serious affront to nature, a gross mockery of nature law, as well as sick abomination associated with a dystopia, and creature or thing far ahead of everyone, beyond foresight, and before

black site powers-that-be realize the full potential and implications, and the device gains control over the creator.

This is the story of a journey to Southern California, home of the American Dream, in search of fame and fortune. An Australian couple of mixed German-Chinese origin with their six-year old son Maximilian leave their settled life in Sydney to move to California. The boy's Mandarin name is Xiaolong, meaning Little Dragon, and the dream of his mother is that he will one day become the number one golf player in the world. She has contacted Tiger Woods' first professional coach who is supposed to take the boy under his wings, and she is determined to make

her dream come true. The book follows Maximilian's exposure to playing junior gold, the highlights and pitfalls along with the emotional ups and downs of children involved in competitive sport, and their parents' sometimes conflicting and contradictory expectations, culminating in an account of Maximilian competing at the Junior World Championship in San Diego. But 'The Dragon Mother's Dream' is more than a book about golf. Part travelogue and part parenting memoir, it is a journal about living in one of the most privileged places in California. It documents the everyday realities and idiosyncracies of the contemporary

American way of life, recorded with great precision and attention to detail by an Australian writer of European roots and - sometimes satirical, often ironic - sensibilities. At the end of the book, the mother's dream takes an unexpected twist.

REVIEW OF BENTLEY CONTINENTAL GTC

• What a wonderful work! In every way I look at this book, it's almost perfect. Great use of repetition, clean and simple description of chart patterns, many examples, and very well organized. This book is divided into two parts. The first part consists mainly of chart patterns and technical details. Surprisingly, this is the boring part. The

second part deals with applying the techniques that you've learned in the first part. If you have the patience to read through the first part, the second part is a pure joy. I highly recommend it.

- Molly Gloss has written an incredible tale of a pioneer woman who settles in the wilds of the Oregon frontier. To classify this book as a 'western' is to diminish not only the story but the excellent prose that Ms Gloss has given to the reader. Lydia Sanderson, the heroine of this story, is an example of the thousands of women who settled the western United States, surmounting extreme conditions, with or without a man. This story is told from

the thoughts and perspectives of human beings in a time when words were important and not just 'bantied about' without thought. The book gives one, in this high tech day and age, a sense of the real and important, in daily living. It puts ones feet back on the ground and gives a new perspective to our lives. Thank you Molly Gloss for this heroic woman and the encouragement she is to women today.
