REVIEW OF 1 RISKS AND OPPORTUNITIES COMMBANK

- This book was really good. I read it for an English class and it was one of the books I enjoyed. This book keeps you wondering what will happen after each chapter and it teaches you how

people accept the one another. A true book of tragedy, friendship, and dreams.

- In the book *Of Mice and Men* written by John Steinbeck was an amazing story about two men over coming their struggles to try to live their dream. John Steinbeck does such a wonderful job of describing the setting that you feel like you're on that same ranch in Salinas California during The Great Depression. The two men Lennie and George are very different. George is small but very smart and quick while Lennie is huge very slow and does not even know his own strength. The reason there are struggles is because every time they work Lennie always gets them in trouble in fact the reason they come to the ranch because they were run out of Weed. When Lennie and George get to the ranch they met the boss, Slim, Candy, Curly, and Crooks. Now Curly hates big people and has a wife that always is looking for him and the other half the time he's looking for her. Slim is like a hero of the ranch he is like the leader of the group. Crooks and Candy are two people you would have to feel sorry for. Crooks is the black stable buck that every time the boss is mad he takes it out on Crooks. Candy has an old dog that smells horrible and ends up killing him. This book is very good and I would only recommend this book to mature teenagers and up. The reason is because of the use of cussing and the N word. A great book no matter the slurs.
