REVIEW OF THE STORY OF O A GRAPHIC NOVEL GUIDO CREPAX

- I won't attempt so summarize this book, as other reviewers have done a very thorough job and anything I add will be superfluous. I can say that, having read HG Wells' Outline of History, it is thoroughly out of date, almost ridiculously so, while this book, equally old, is just as new in terms of ideas as the day it was published. Chesterton is simply the most amazing writer in terms of his originality that I have ever read. No wonder it has been so influential

over the years. Chesterton is extremely enjoyable to read just for the sake of reading. I remember having to read Chesterton in high school (St Francis of Assisi, I believe) and hating it, mostly because it was assigned work and not pleasure. If you read Chesterton, you have to enjoy great writing, as well as his great ideas and rather unique way of viewing reality.

- In "Fatal Romance" Lisa Pulitzer presented both Nancy and Jeremy Akers as strange people, but in attempting to create a fair and balanced picture of both spouses, missed delving into the obvious personality disorder which led to Jeremy shooting Nancy to death in front of two of their children. While it is refreshing that Nancy was not presented as a saint, but as a creative person who

could also be pretentious and snobbish, the author seemed reluctant to admit that Nancy suffered mental if not physical abuse for years. Jeremy, who had the education and potential as an attorney to support his family, refused to do so, only paying for housing and refusing to pay the family's bills. He demanded that Nancy pay the household expenses, yet frustratingly refused to let her work outside the home. He spent huge amounts of money on trips, clothing, and sports equipment for himself, while Nancy stayed home with the three children, the phone constantly ringing from collection agencies calling and stacks of past-due bills coming daily in the mail. Nancy was an unsympathetic victim who possessed a sense of entitlement, insisting that her children

go to expensive private schools, and only dressing in Laura Ashley dresses and undergarments from Victoria's Secret. It was clear that Jeremy, who presented himself to other women as powerful, successful, and charismatic, had affairs, and the Jeremy that only Nancy knew was spinning out of control: he became a packrat and cheapskate who picked through neighbors' garbage and filled the house with stacks of old newspapers and other junk, making it impossible for Nancy to keep a decent house. When company came over Jeremy relished blaming Nancy for being a bad housekeeper. Jeremy, who had been a marine, was big on physical fitness and discipline, and treated Nancy, who he forced into the role of a harried, overweight housewife, with

complete contempt. He loved to insult her in front of others. Nancy made some feeble attempts to negotiate change in her marriage, but Jeremy, using the classic defense mechanisms of the narcissist, always managed to maintain the upper hand. After years in this miserable situation, Nancy met a younger man online, an uneducated truck driver, who viewed Nancy as sophisticated and successful due to her wealthy background and modest success as a romance writer. Everyone involved seemed determined to ignore the warning signs of Jeremy's instability. Even Nancy, who had lived with Jeremy for twenty years, failed to realize that the outward signs of eccentricity displayed by her husband were only the tip of the iceberg: his distorted pride and

arrogance had grown into a malignancy which would not allow him to ever accept losing, especially to a man he considered far below him, and Nancy, a mere woman he had devalued for years. While Pulitzer provided a lot of detail about the lives of this troubled couple, Ann Rule would have done a better job with this story, which lacked psychological depth and fell flat. It would have been easy to give this story the direction and drive it needed to be a really excellent book. It was clear from Jeremy's actions that he suffered severe psychological disorders for years, yet the author did not make clear the most important element of the story: the

progression of Jeremy's psychological state from the pride and self-discipline of his youth, the worsening narcissistic personality disorder during the course of his marriage, finally culminating in murder and suicide when he could not keep Nancy under his thumb and "win". If the book had emphasized the progression of Jeremy's personality disorders, and made it clear that Jeremy and Nancy were not simply equally strange, dysfunctional people, it would have given the story more direction and urgency. As written, the book generated little outrage against the murderer and not much sympathy for the victim.
