REVIEW OF BEGINNING PYTHON USING PYTHON 2 6 AND PYTHON 3 1 WROX PROGRAMMER TO PROGRAMMER

- The book Of Mice And Men by: John Steinbeck was a pretty good book, not the best i have seen but pretty good. In the story there are two hobo's named Lennie(retarded) and George(sane). They have a dream of living off the fat of the land. They go around the country looking for jobs to get a little bit of money for some support. They end up at a ranch

working with alot of guys their age and enjoying the stay, but not for long. Lennie has been getting george in trouble all of his life, and now was not any different. In the end Lennie kills Curly's wife and George has to kill him. In the end, George shoots Lennie in the back of the head, with Carlson's gun. I would recomend this book to everyone who likes funny, but depressing books, John Steinbeck is a very good writer.

- I had to read this book in my 8th grade class and as always I thought it would be another boring book, but I was wrong. Once I started reading, I couldn't stop. It's mainly about friendship between 2 men and all the good and bad times they both go through together. The ending is sad but it is totally worth reading it. And after you do, you HAVE to see the

movie! It's 10 times more better and is somewhat more interesting.
