REVIEW OF MIND YOUR OWN BUSINESS WHAT YOUR MBA SHOULD HAVE TAUGHT YOU ABOUT WORKPLACE HEALTH AND SAFETY

- One of the best suspense books I have had the pleasure to read. The characters are a dynamic mix that make the story had to put down. You develop and understanding for the villain were you empathize with him while at the same time you feel for the hero and heroine to catch him. A must read for those who like suspense novels.

- This is an outstanding summary of Bettie's life and her impact on modeling, art, pin-up, photography, and those needing encouragement in overcoming obstacles. The book is a nice way to learn about Bettie Page and those individuals she worked with during her career and growing up. It stops short of telling about recent events, but gives one a good understanding of the lady. The information is factual and well written. Much speculation has been made about the time she walked away through the present, but this is a nice account with the facts that we know to be true without the speculation. The pictures within this book are amazing and many won't be seen anywhere else. The information about those individuals she touched, encountered was interesting as well. Good read.
