REVIEW OF 7TH GRADE SCIENCE REVIEW PACKET

- Deep into the world of feral cats with a great tale about their survival as a group and a great imagination as to their society
- It's about two cats who have to solve a mystery about their enemy to prove to their leader that they are worthy of becoming warriors. My 11 year old son normally prefers adventure stories about dogs but this book had the perfect mix of action and adventure for him so he didn't mind that it was about cats. It's quite a long book for a child but he read it quite quickly because he enjoyed it so much. There were no boring bits and he says it is the best book he has ever read.
