literary possibility. We very suggest this publication to viewers that are seeking a thought-provoking and emotionally impactful read.

REVIEW OF COMPRENDER EL PASADO UNA HISTORIA DE LA ESCRITURA Y EL PENSAMIENTO HISTA3RICO SPANISH EDITION

- This is a book that I'd heard about all of my life, so I figured I ought to finally read it. Unfortunately, it is truly miserable. I would have given up on it about halfway through, but our internet died for a few days so I wasn't able to download anything else from the library. To be fair, the book was written for prepubescent girls, and I am (at the time of this writing) a 38-year-old man. But I have to believe that even the target audience - in this generation at least - would find it a slog. This book features the March family - primarily Mrs. March and her four daughters, Meg, Jo, Beth, and Amy. It describes the daily joys and travails of these mid-19th century New England women. Unfortunately, nothing much happens to them. Trivial events - such as a disastrous meal, or a picnic lunch are the subjects of full chapters. The girls mostly sew, do their chores, play outside, eat,

and sleep. The book is full of moral lessons, admonishing us all to be selfless, good, pure, and true. Some of these morals are timeless, and good behavior is something we can all aspire to. But the lessons are delivered with as much subtlety as a sledgehammer, in such a cloying way, and with so many superlatives as to make you want to stick a finger down your throat. The book also has lessons that are not (thank God) timeless. Three out of four of the little women who feature in this book have interesting talents: Jo writes, Amy draws, and Beth plays music. Each initially aspires to do something great with her talent, but these dreams are summarily squashed. By the end of the book, and with the admonition that "talent isn't genius", Alcott has impressed upon her audience that such dreams are almost always fanciful. The lesson seems to be: harbor such dreams at a young age if you must - - but in the end, you'll be much happier if you get married, have kids, live puritanically, and take care of your husband. I just can't get behind that.

- This is a workbook-for both those contemplating death or planning for it as an eventuality. It is also an instructional book on various methods of dealing with property so that one's wishes are fulfilled after death. Even young adults should have this to help parents or friends deal with loved ones with fatal or potential fatal diseases.
