WHY CHOOSE DRIVE DANIEL H PINK BOOK TO DOWNLOADS?

[Book Summary - Drive: The Surprising Truth about What ...](#) Drive Daniel H Pink That's a mistake, says Daniel H. Pink (author of To Sell

Is Human: The Surprising Truth About Motivating Others). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction-at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drive | Daniel H. Pink Daniel H. Pink is the author of four provocative books -- including the long-running New York Times bestseller, *A Whole New Mind*, and the #1 New York Time bestseller, *Drive*. His books have been translated into 33 languages. Drive: The Surprising Truth About What Motivates Us: Pink ...In *Drive*, Daniel

H. Pink suggests that there is a gap between what "science knows and what business does." I was not shocked to learn that this gap exists, and I attributed Pink's decision to emphasize the existence of this gap to what I believe is the author's drive to attract corporate speaking engagements, consultancies, and Op/Ed articles in national newspapers. So what are you waiting for? Begin your Drive Daniel H Pink downloading journey today and experience all the advantages and comfort that the electronic world of publications needs to provide!

REVIEW OF DRIVE DANIEL H PINK

- Compelling Description of Human Nature and Motive There is really no way to accurately review The Count of Monte Cristo. A simple review of its plot would be unfair to the genius of Dumas and to the profound insights into human nature and motivation that this book contains. Likewise, to approach this book merely for its psychological and anthropological value would be to ignore the imaginative flights of fancy and vistas for the mind's eye that this tome affords. Similarly, to approach The Count of Monte Cristo merely as a fable or a fairy tale is to forget that it is an accurate

historical novel portraying the Franco-European mindset, as well as a crystal-clear exposition of the many social issues, conventions, and commonly-held fancies that characterized France throughout the post-Napoleonic era. However, for purely literary purposes, and due to constraints of space and time, a brief sketch of Dumas' masterpiece will have to suffice. Ideally, however, you will stop reading right here and get your hands on the book, thus skirting my woefully inadequate attempt to review this masterpiece fairly and coherently. Dumas' narrative follows the story of a virtuous young man struggling to come of age and find his place. However, in the classic

battle of good versus evil, he is imprisoned unfairly and robbed of all that was dear to him. Eventually, he comes into great wealth and knowledge, escapes from captivity, and single-mindedly sets about to be the instrument of Divine vengeance on those who had previously denied him life and love. Along the way, he re-learns the value of friendship, and, having seen justice brought upon his enemies, finds unexpected love in an ending that is a triumphant, crescendoing testimony to the indomitable quality of the human spirit - and the mercy of God. Throughout this tale, Dumas teaches us of forgiveness, of love, of anger and hate, and reaches out to the reader with an intensity that can only come from a spirit that itself drank deeply of such emotions. Indeed, the story of Edmond Dantes - from the lowly but principled pauper to the rash, vengeful yet popular prince - smacks at times of Dumas' own rise from obscurity as an unknown mulatto to the powerful and respected literary force that he became. Granted, there are times when Dumas' heroes - like all heroes - take on superhuman qualities. However, they are not the indestructible supermen that mar much of today's literature. Instead, they are all too human - flawed sufficiently that their exploits are believable, and human enough that the reader

often finds himself dialoguing with them, arguing for or against their intents and actions. In this way, it is the enduring human quality of the book - the ability for us to reach out across the better part of two centuries and dialogue freely and coherently with them, and to recognize the players and actors as fellow humans above all else - that makes it so compelling. Likewise, it is that essence of humanness that stands as the greatest tribute to Dumas. An insightful, powerful, fast-paced, and moving read, The

Count of Monte Cristo is one of those books that does not end when the last page is turned and the book closed. Its imaginative power transcends the written page with timeless force, calling us to a greater, more vivid plane of existence and self-expression. Now get the book! - Benjamin Gene Gardner

- The Count of Monte Cristo is one of the best French novels of all time. I used to read and re-read the French version when I was young. This modern English translation is probably one the best.
