REVIEW OF PLAN GENERAL DE CONTABILIDAD DE PEQUE AS Y ICAC

- An undercover federal agent is on the lookout for a peculiar drug that's sweeping the underground music scene. The agent, Aldo Sax, traces it to a rock concert where he's directed to a mysterious fellow with a veil over his mouth who speaks with a

lisp. But what's that strange language he speaks? And will Aldo make it back to reality once he's tried this drug? This odd short comic book has undertones of HP Lovecraft as the weird language the dealer and the rock group speak sounds a lot like the kind of stuff Cthulu and shoggoths would say. Then there are the hallucinations once Aldo takes the drug, the depictions of which look pretty damn frightening yet reminiscent of what most people would think of as the kind of stuff Lovecraft wrote about. Jacen Burrows' artwork really makes this book stand out. His artwork is always top notch but his work on the hallucinations really put this into some of his best efforts. Also it's worth noting that while Alan Moore is credited here, his input was the idea of the story - Antony Johnston wrote the script. A pretty decent, bizarre comic book to read, it's worth picking up "Neonomicon"

by Alan Moore as that is the sequel to "The Courtyard" and includes it as a prologue to the book as well. I think Lovecraft would have approved of this nasty little nightmare of a book.

- My first bit of financial planning advice is to save the money you might spend on this book and invest it. you will immediately be further along. Is this book all bad? No, of course not. I gave it two stars since it does prompt you to consider your non financial goals as a key driver. The author begins by telling us about how poor all of us are about financial planning, then we meet a series of multi-millionaires who keep striving for an ever bigger number. There, you have the synopsis. Save your money and time, if you see this book in a bookstore, open it, read the last couple of pages and you will have most of the sound advice in the book.
