need help finding the excellent book, our experienced team is here to provide tailored suggestions.

REVIEW OF IRON FLAME THE EMPYREAN 2

- Love this little book. I recommend it to anyone starting to study statistics, or to arm themselves as a citizen or a consumer. Fun, easy to read and very important. I first read it as a supplement to my college statistics class over 35 years ago and have read it at least a couple times since. It's timeless.
- Pelican Games starts fast and keeps

going. I was drawn into the plot immediately, then kept involved by the superb character development. In fact, the character development was good enough to make me actually despise one of the characters. I don't often get such a reaction to a novel character. The author was once a reporter and his eye for detail helps round out story line with very rich images. Several of the plot threads are ultimately resolved in ways that I didn't see coming. That was a nice change from the formula endings that seem to permeate novels. As a bonus, the chapters are short, making this a great bedside reader.
