REVIEW OF PRACTICAL QUESTION PAPER OF MICROSOFT WORD PDFSDIRNN

- I have just finished reading "The Scarlet Letter"; before school ended, my english teacher gave most of her students a letter from our future AP

English teacher, and it exhorted us to read two books for the summer: The Scarlet Letter and The Color of Water. I have not read "The Color of Water", but "The Scarlet Letter" is a wonderful story that should not be missed. Yes, Hawthorne may use sentences that are a trifle too long, but that does not really detract any of the genius from the book. I have a feeling that I will be one of the very few people (possibly 4) that will actually read the book; because, even though it will be an AP class, most of the students are quite apathetic. The book should be read by anyone that can appreciate it; it will improve your vocabulary (as it did mine). Hawthorne contrived to write an archetype of a classic novel that will last for many more years to come.

- Edge of Danger is a step above a number of recent Jack Higgins tales. The protagonist - Sean Dillon, must track down a dangerous Middle Eastern billionaire before he can reek havoc on the world. While prior to 11 September, this book is relevant to our crisis. Higgins does a nice job bringing out more dimensions of Dillon and some of the other good guys. The author bumbles a chance to knock off a key character - losing the opportunity to add some tension and passion to the survivors. Incredibly, this person takes three bullets and lives. The plot is solid and fast paced. My only problem is with the enemies. They are too cold and their motives are weak. The key assassin could audition for the Key Stone Cops. Don't get me wrong, the Edge of Danger

is a good yarn. I hope Higgins continues to improve the depth and reality of his characters. I look forward to the next edition.
