REVIEW OF RENAISSANCE QUIZ ANSWERS TO HARRY POTTER

- Star Wars with no technology and Tolkien with no wisdom. What could be better? Add some of McCaffrey's dragonriders and David Eddings special marks. . .if Paolini is 'new guard' and those original writers are 'old guard', why does the 'new guard' have to use the plots and ideas of the 'old guard'? Seems like the new guard would belong to the ones with the original ideas, past, present, and future. Fantasy readers are, by and large, pretty intelligent. We can put up with a lot of crossover from the authors we read, so long as there is an original twist. We can't be told that a book like Eragon is original and new, because we know better. Even the names are Tolkien's with some letters rearranged. Or should I say Tolkein.

- OK this was a great book. People may say that its a lot like all the other fantasy books out there, but this one is a mix of them all put into one. This is also a fairly easy read, its fun for adults and an escape for kids. This series promises to be great, he puts so many premonitions about what is going to happen, u have to read the 2nd book after you read this one. GREAT BOOK!!!!READ IT!!!!
