narration design, relatable characters, and plot spins make it a beneficial enhancement to your shelf. So, if you're looking for a captivating read, Kenwood Kac 9152d User Guide is certainly worth taking into consideration.

## **REVIEW OF KENWOOD KAC 9152D USER GUIDE**

- I picked it up because of an article about it being banned for high school. The reasons it was being considered banned, adult content, I have not really found to be the case, but I do not think it is a good book for a high school student. Mainly it is very slow and boring. The main characters life is boring and the author does a good job bringing that across in the book. When you have nothing to do for most of the day you tend to day dream or fall back on old memories and that is what a great majority of the book does. It makes for an interesting read if you can get past the slowness and the constant flash back to a better time.
- The Handmaid's Tale presents a disturbing picture of where the world could go if controlled by zealots, but the style in which it is written held no appeal for me. Offred is a Handmaid, a fertile woman who is placed with a 'General' (Fred) and his 'Wife' until such time as she produces a child or is declared infertile and shipped off to work in the colonies where all useless individuals are sent following a coup of the US government by religious fanatics. Memories of her life prior to the takeover flash through her mind as she distances herself emotionally from her circumstances. Operatives of a secret underground railway contact her, making arrangements for her escape...or do

they?The premise is interesting and unique, but the narrative style - where is the show, don't tell rule of storytelling? - made reading this story tedious. Atwood didn't even bother with formatting dialog to include quote marks, so at times you had to double check whether you were reading a thought or a

statement. The pedantic descriptions got tedious, but I suppose I'm not the target audience for such literary work. I like my apocalypse/post-apocalypse to have some bang to it, instead I was reading a whimper.
