REVIEW OF PENSE MAGRO POR TODA VIDA BECK JUDITH

- I came across this book when I was looking for a good book that provides a comprehensive guide to those entering the consultancy profession. How lucky was I to find "Getting Started on Consulting" which is a fantastic guide. I found Alan's advice on value based fees to be innovative and equitable. All the other books I have read on consulting have only discussed billing by

hours. I also liked Alan's advice on closing a sale, going round gatekeepers, relationship building and writing good and effective proposals. The tips on "Forty ways to Increase Your Fees" are very handy and useful. Although I am based in Nairobi, Kenya, I have found Alan's book to be very relevant and applicable to my situation. The author's professional solutions to the challenges that I have to grapple with in setting up my practice are very positive and inspiring. I have done part-time consultancy before and many of the mistakes that I used to make became very apparent after reading the book, such as selling myself short, not being selective about my clients and not having a business plan. I am now well equipped and ready for a full time career in consulting and with the kind of advice and wisdom I have gained from reading this book, I am ready to excel. This is a very well written book which provides excellent guidance and smart advice that is written by someone with several years of outstanding success and experience in the practice. The book is required reading for anyone embarking on a career in consulting.

- The photos were beautiful- this is a must see for cat lovers
