REVIEW OF CORPORATE FINANCE ROSS WESTERFIELD JAFFE 9TH EDITION DOWNLOAD

- This book was fantastic! Fast-paced, a vivid, rich descriptive style and I can't recall a single dull moment in its pages. I was skeptic at first only because the zombies in David Moody's books do not 'eat' humans (at least not in this book) and I thought that stray from tradition would be too extreme, but I was wrong. David Moody easily pulled it off and kept me 100% invested from start to finish. I admit, I did not realize this was the second book in the series - just picked it up at Barnes & Noble on a whim - but now I'll have to read the first one for sure! I also need to say that I was thoroughly impressed with David Moody's ability to continuously describe 'the dead' (movements, smell, etc.) without ever once overusing a single word or phrase. To some, that might not seem so impressive, but after you've read it you might understand more where I'm coming from.

- Kurt Vonnegut must be the most deceptive author in history. His books have such a lithe and jocular style to them they feel like beach-reads, but you always finish them with a knot in the pit of your stomach. There's a great deal of well crafted sugar to make the medicine go down, but you still always taste it. Mother Night is by far the darkest of the Vonnegut novels I've read. Even more so than Slaughterhouse-Five. But where Slaughterhouse dealt with the hell that is war, Mother Night traces the purgatory that follows it and the lost wandering of one man that did both the greatest of good and the fiercest of evil. In each chapter he gives you the set up for a joke, but instead of a punchline, he tells you the dog just died. It's dark, but always told with that knowing grin and that understated sleight of hand that makes all of his work so easy to overlook, but impossible to ever forget.
