REVIEW OF IDIOMATISCHE REDEWENDUNG EN VON A Z

- This is fantastic book. It is easily understood plot wise, a group of young school kids are stranded on an island. But the book is far more complex because it truly explores the dark hidden depths of human nature, and what people would do if there was nothing around to hold them responsible for their actions. I read this book before it was ever assigned to me, and I

loved it then, and I still love it today. Everytime I read it I find something new and different that I did not catch before. A truly wonderful book, and one I highly recommend.

- I found this book to be very well written. I did not want to put it down until I had finished it. However, I don't like violence very much and there were scenes in this book that were so vividly described that I wanted to close my eyes. Anyone who has read a book knows this doesn't help very much. Overall, I found it very thought provoking in its exploration of the nature of man. I wonder if women would behave differently?
