REVIEW OF STRATEGI KOMUNIKASI BADAN KEPENDUDUKAN DAN KELUARGA

- Zak and Tash go to a planet with strong superstition of the dead. They are looking for a spaceship there. With their Uncle Hoole, a shape-shifter, they find out Dr. Evazan's secret. They have many adventures along the way. This was a great book. I can't wait to read the next book in the series. The author did a great of explaining. I highly recommend this

book to any sci-fi fan.

- I've read almost all of the Jack Reacher novels by Lee Child, and *RUNNING BLIND* is just a fair entry in the series. A serial killer is on the loose, and Reacher has been drafted by the FBI to help find the killer. This novel is essentially a whodunit, and I found it an enjoyable read because I like Child's writing style. As with most of the Reacher novels, the plot in *RUNNING BLIND* isn't even remotely realistic. The FBI in this novel is portrayed as laughably corrupt and incompetent. As a result, they must take Jack Reacher prisoner in order to force him to solve the crime for them. The way the murders are committed are absurd and have no scientific basis. The female FBI agent character is also ridiculous and something of an insult to female

professionals everywhere (she's gorgeous, wants to be treated seriously as an FBI agent, but deliberately parades around in see-through blouses). In fairness, Child is not trying to write realistic books. His plots are deliberately sensational and over-the-top. Still, there's a limit to how much implausibility I'm willing to tolerate in a novel like this. There are plenty of good thriller writers

out there who can write exciting books without tossing believability out the window. *RUNNING BLIND* is enjoyable and fun overall, but I strongly prefer other entries in the Jack Reacher series because they are somewhat more believable. In particular, I recommend *KILLING FLOOR*, *ONE SHOT*, *THE HARD WAY* and *ECHO BURNING*.
