Religious Discourse, Social Cohesion and Conflict by Frans ... This book analyzes socio-religious transformation in Tanzania. Some scholars claim that religion has returned to the public domain since the collapse of Tanzanian socialism, and that there is a tension between Muslims and Christians. Based on focus group discussions in Dar es Salaam, author Thomas Joseph Ndaluka acquires insight into Muslim - Christian relations using Critical Discourse Analysis. Religious Discourse, Social Cohesion and Conflict: Muslim ... 1 Religion and Social Cohesion Both in the West and in China, it is increasingly recognized that religion is not merely an individual matter, but a social force that has an important impact on society. And whereas the focus often lies on the potential negative social impact of religion (the threats of fundamentalism, violence and terrorism), Religion and Social Cohesion - Vrije Universiteit Amsterdam This book analyses religious identity transformations through inter-religious relations. ## REVIEW OF RELIGIOUS DISCOURSE SOCIAL COHESION AND CONFLICT MUSLIM CHRISTIAN RELATIONS IN TANZANIA INTERRELIGIOUS STUDIES

- With such an impressive author resume and endorsments, I expected this to be a great book. It was not. I actually had to skim the last twenty-five pages to find out what happened because I just could not bear to read anymore of this tediously boring tale. Aside from the fact that the story goes nowhere, nothing ever happens with the main character which is even more of a let down. Lee starts out as an irritating, vapid mess and despite opportunities to grow, never does. There was not one moment that I liked or identified with this girl and having spent several years as an outsider at a snobby private school, I thought there would be some parallels. I am never enlightened about why Lee is such an annoying, horrible person, how her inner snob came to be and why she is so unable to at least embrace it, which may have at least given her some facets. The writing, while decent, is as flat and uninteresting as the main character. I can only guess that Sittenfeld has great connections because I don't see why else anyone would bother publishing this book. As I read the five star reviews, I am left scratching my head and wondering if we read the same book.

- Curtis Sittenfeld is one of the most nuanced and captivating writers I've read in a long time, and "Prep" is one of the best first novels I've seen. It follows the life and loves of outsider Lee over the course of her four years at boarding school. While I can't entirely disagree with other reviewers who've noted that the plot of this novel, such as it is, seems to meander a bit, this book's strengths lie in its completeness as a character study. And a fascinating one at that. Moreover, the themes running through this book of alienation, self-consciousness, and class divide are maintained as consistently over the course of the novel as anybody could wish. You'll laugh with Lee, cry with her, cringe with her, and find yourself yelling advice at her (or maybe at the teenage version of yourself you can't help remembering as you read this) at the top of your lungs. Quite simply, this is an exceptional first novel, and I highly recommend it for anybody.
