Join our community today and start your trip right into the world of literary works with very easy downloads of all your favored publications like **Instrument Technician Interview Questions And Answers Free!**

REVIEW OF INSTRUMENT TECHNICIAN INTERVIEW QUESTIONS AND ANSWERS FREE

- I don't usually write reviews. However, I read them for every book I think of purchasing or getting on loan. So I figure that I owe this, especially since I am not sure I can even stand to finish the book and I am more than three quarters the way through. I've read this author once before, and although she is not one of my favorites (at least yet), I found the last book a decent historical romance. This book is well written and the story could be fun. But for me I keep wanting to start a new book. I had read one review where the customer warned that the heroine was unlikable, but I saw so many good reviews I thought she might just be picky. Now I wish I had taken her advice. Perhaps just saying that a

heroine is unlikeable is unhelpful, because someone could have an issue with a personality that you do not. I have had that experience before. This heroine is tough for me because she is so immature, unperceptive, unable to communicate and really quite dense. However, you are supposed to believe that others see her as uniquely intelligent, tough and feisty or passionate. It's hard to imagine any lord of these times finding her tolerable, much less the greatest thing since champagne and yet many do. The heroine is not drop dead gorgeous or even conventionally that pretty, so we are led to believe that it is her spirit and personality that make her so darn attractive to the Lords of London. It is still rare enough to have a heroine of average looks that I tend to like these stories, but not if you can't believe it and nothing is worse than spending your free time with people you don't like (especially if you are paying for the privilege). If you are not prone to believe someone who cares about charity more than their own comfort alone makes them worth listening to even if they are dense and very confused as well as bull headed to a fault then you will want to reconsider reading this book. If you want to actually believe that the heroine is in love with the hero I believe this book may be a waste of your time and if stupid or at the very least socially and emotionally dense people bug you save your money. My good deed for the day done.

- I enjoyed it, not as much as Follet's *The Key to Rebecca*, though, overall, it's a good WWII thriller.
