REVIEW OF UNESTATE CONTRO ANCHE LAMORE HA UN PREZZO

PUSHING THE LIMITS

- Maybe it was the way Jane Austen drew the reader into the story, or possibly the twists and turns of the plot, but whatever it was to add the extra flavor it worked. The book demonstrates a perspective on love that can only be seen through the eyes of a person who involves themselves as a whole in the book. It has a way of making it an impossible task to put it down. This story stands the tests of time and will surely work its way into the hearts of millions more. As Jane Austen said, "imagination is everything".

- "Journey to Ixtlan" is a long and unbalanced (sometimes repetitive) dialogue between Don Juan, the sorcerer, and his apprentice. Unbalanced to the extent that the apprentice is humble, naive, easily taken by Don Juan's views, unable to effectively counter-argue the teachings of the sorcerer. The reader is taken into a long and fantastic journey through the desert, where he is slowly introduced into the teachings of Don Juan. For him, the world of everyday life is not real as we believe it to be. Reality is merely one of various descriptions, therefore we have to learn how to "see" as opposed to merely "looking," and "stopping the world" is the first step to "seeing." Once the apprenticeship is finished we have learned a new description of the world and are able to elicit a new perception, one has gained "membership." We must break the dogmatic certainty, which we all share, that the validity of our perceptions is not to be questioned. In the long process we must learn to erase personal history, remodel most of our behavior, self-importance must be dropped, we must take full responsibility for our actions, and accept death as the only wise adviser. You become a hunter once you learn to separate the images and see two of everything, you become accessible to power and learn how to tackle your dreams. You become a man of knowledge because you have unravelled the secrets of personal power. A man is only the sum of his personal power, and that sum determines how he lives and how he dies. Carlos Castaneda, an active member of the New Age Movement, had millions of followers around the world. His writings are supposedly based on personal experience, on his studies on the effects of certain medicinal plants and the teachings of a shaman who used hallucinogens to initiate his students into an occult world. His personal life has remained a mystery, as much as his cult, and his literary success is not actually based on quality but rather on being appealing to human thirst for myth, magic, self-improvement, and the imaginary.
