REVIEW OF PENTAX LENSES GUIDE

- My coworker was telling me about the movie, and the book. I loved it. It is quite scary how he predicted today's government and politics. Great read, open your eyes more into reality.
- Nineteen Eighty Four offers a harrowing glimpse into the totalitarian state. Previous posters are correct that Orwell NEVER intended his novel to be an indictment against Communism. After all, Orwell himself fought against the Franco Regime during the Spanish Civil War - on the side of the Republicans AND Socialists. I would like to respond to a certain (British) poster thus: The individual reads and relates his interpretation of a novel/philosophy to the modern situation in which he/she finds him/herself. This would inevitably lead some to relate Nineteen Eight Four to a modern totalitarian society based upon the personality cult, e.g., North Korea (Kim jong Il, Our Dear Leader).
