When the war ended on August 15, 1945, I was a naval engineering cadet at the Kure Navy Yard near Hiroshima, Japan. A week later, I was demobilized and returned to my home in Tokyo, fortunate not to find it ravaged by firebombing. At the beginning of September, a large contingent of the American occupation forces led by General Douglas MacArthur moved its base from Yokohama to Tokyo. Near my home I watched a procession of American military motor vehicles snaking along Highway 1. This truly awe-inspiring

cavalcade included jeeps, two-and-a-half-ton trucks, and enormous trailers mounted with tanks and artillery. At the time, I was a 21-year-old student in the Machinery Section of Engineering at the Tokyo Imperial University. Watching that magnificent parade of military vehicles, I was more than impressed by the gap in industrial strength between Japan and the U. S. That realization led me to devote my whole life to the development of the Japanese auto industry. I wrote a small article concerning this incident in Nikkei Sangyo Shimbun (one of the leading business newspapers in Japan) on May 2, 1983. The English translation of

this story was carried in the July 3, 1983 edition of the Topeka Capital-Journal and the September 13, 1983 issue of the Asian Wall Street Journal. The Topeka Capital-Journal headline read, "MacArthur's Jeeps Were the Toyota Catalyst.

REVIEW OF SERVICE MANUAL CRESSIDA 21R

- This book is one of the best books that I have ever read in my life, because of Lois Lowry's unique writing style. She leads the reader to think that things have taken a turn for the worse when unexpectedly, something good develops from the bad. This book is about a 12 year old boy named Jonas who lives in a

changed world. In his world there is no crime, no pain, no cars, no color and no pollution. Jonas is singled out from the other members in his community by the elders and is chosen to be the new Receiver of Memory in his community. This is the most important job in the community because the Receiver of Memory is the only person in the community that experiences pain, love and other emotions and feelings. Jonas feels increased pressure because the

Last Receiver of Memory unexpectedly quit and left the community. THE GIVER has received numerous awards among which is the 1994 NEWBERY MEDAL. This book is one of the best books I have ever read and I think it should be a part of everyone's collection.

- Its an amazing book for all ages. I read it as a kid and forgot about it til recently and really wanted to read it again to see if it was as amazing as I recalled it to be. And it was! Must read for all ages.
