REVIEW OF APLIA FINANCE ANSWER KEY

- The book arrived in 3-4 days, nice packaging; but was not in the condition described. The binding was broken and the cover was attached,

but dangling. The cover was also slightly soiled and some of the pages fragile, but it's an acceptable condition.

- this was my first vonnegut book, but it certainly won't be the last. this was a wonderful book on free will and how we choose to see the world and our ever eternal fight against cynicism. i think that an important point to keep in mind is that there is a reason and purpose behind every passage he has written, they all connect back to one of the larger points he makes. its cynical, but not a depressing cynical, a cynical that makes you take a closer look. i would highly recommend this book to anyone and everyone. its one of the great reads of our

time. philosophical, wonderful. definitely
satirical, and check it out
