REVIEW OF MITSUBISHI 4G15 CARBURETOR SERVICE MANUAL

- I get a kick out of the other reviews. All of us seem to feel the same way. We love Angelique and we hated to read the end. We hope Anne Golon will continue to write in the future. We all look forward to the English translation of the last three. I've read a million books, this one stays with you for years..our favorite....
- I first read this book in the mid-60's and have been re-reading it ever since. Angelique captures your heart at the very beginning of the book when she is still quite young and continues to pull you into the story of her life and her love to the very end of the book and beyond. She'll take you from rural France to the Court of Louis XIV through the gutters of Paris and back again to Court. Truly a book not to be missed!
