REVIEW OF KINDLE FIRE QUICK START GUIDE

- If you are just starting the redwall series you'd probably want to get this book first because it explains somethings about the warrior Martin and Salamadastron and other things. This book is one of my favorites(other than Mattimeo) and it is worth the

price. Anyone who wants to add some good books on their bookshelves I recommend the Redwall series.

- I was very disappointed after browsing through a few chapters.

For example the 2nd chapter, "Ladies or tigers?", is just way too easy and not much creativity is involved at all. Many puzzles are just some old junk. It's no fun to solve things like those.
