REVIEW OF DESIGN CONSTRUCTION AND TESTING OF A MULTIPURPOSE BRICK

- Book Two of Patrick O'Brian's Aubrey/Maturin series finds Jack and Stephen ashore and shipless during the Peace of Amiens. Worse, when war between England and Napoleon resumes, our two heroes find themselves in the most unenviable of places: France, where a penniless Jack Aubrey is hiding from his creditors due to unforeseen reverses in the English prize courts. Will they escape from Imperial France and avoid the English tipstaff in time for Jack to secure a ship and restore his fortunes in the new war? Perhaps even more intriguing, Post Captian also introduces the great loves of Jack and Stephen's lives, Sophia "Sophie" Williams and Diana Villiers. Thus a new dimension of exploration of both men's characters and their friendship is added, one that proves not only rocky, but as potentially mortal for both as French roundshot.

- I did not know Krishnamurti so my knowledge of him is through his books and the many books written about him by people who knew him and all these books (somewhere between 10 and 20) paint the same positive picture of him except this book and this book is written by a person who has something to defend, namely her father, so one has to wonder about the accuracy of this book, it seem more to be a kind of pathetic revenge and it is full of misunderstanding and desperate attempt to find anything no matter how remote, negative about Krishnamurti. Of course one person may be right and many persons may be wrong, but with here biased background I have my serious doubts. Shortly after Yoga Journal's review of this book they decided to do a cover story about this but they could not find anyone who shared Radhas view of Krishnamurti so they dropped the idea. Anyhow all this just clearly shows the main theme of Krishnamurti's teaching, he again and again said that Truth is a pathless land and he was not the Perfect Savior/Master or your Guru, you have to be your own light and not use any other person like a crutch.
