REVIEW OF MERCEDES COMAND APS 2010

- This book is basically a blue print for a happier less stressfull life. It is guaranteed to help you improve your relationships with those you love. I have read it. I do not want to give away my copy. I want to buy six copies to circulate within my family. I wish it would be republished.

- Jack Kerouac is one of those artists, musicians, or writers who I get really into for a while, then don't occupy my time with their works, but always come back to them at some point. I read On the Road around 6-7 years ago and afterward quickly read Big Sur and Visions of Girard. Over the past few years though, I thought maybe I had grown out of him. So when my Dad recently

gave me a City Lights gift certificate for Christmas, I made a mental note that I'd like to see if I still liked Jack Kerouac or not. I found a neat copy of *The Dharma Bums* that I had never seen before, so I grabbed it. *Dharma Bums* is my favorite Kerouac book so far. As with *On the Road*, I found his writing to be very evocative; scenery, places, but especially the people Jack comes across in his adventures really come to life. As with his other works, Kerouac calls refers to himself by another name, and in *The Dharma Bums* he is known as Ray Snyder. The other protagonist is Zen poet Gary Snyder, or Japhy Ryder as he is known here. *Dharma Bums* starts off "Ray" and "Japhy" and friends hanging out in the Bay Area, and recounts the now-legendary night Allen Ginsburg first recited "Howl" during the heyday of the "San Francisco Renaissance." He also briefly goes over an odd sort of orgy at Japhy's Berkeley house, where all Ray felt comfortable doing was licking some girl's elbows and arms. I have to admit I had just come home from a happy hour when I read the first 30 pages, so that part is kind of fuzzy in my memory. Following this, the book recalls their trip up the Matterhorn, a large mountain in California's Sierra Nevada mountain range. This was the highlight of the book for me. I felt like I was right there with Ray, Japhy, and their friend Morley who forgot to bring a sleeping bag for the freezing trek, but insisted on bringing an air mattress for him to sleep on. One thing about Kerouac's book is that you can really tell he loves the company of his friends and people he meets on the road. I can't ever recall reading a bad thing about anyone in any of his books. I think a large part of the reason I like reading his books so much is that I appreciate his sincere joy he finds from people and nature. Others might call it *naveté*, but *bullocks* to them. Following the

Matterhorn expedition, Ray leaves to visit his Mom in North Carolina. He hops trains, takes the bus, and hitchhikes across the country. There's the guy from Ohio he meets near the Mexican border, and the fun they have when they make an excursion across the border. In North Carolina one gets the sense that Ray isn't appreciated by his family that much. He tries to explain Buddhism and they laugh him off. I couldn't help but feel bad for him. His mom seems nice, but she is never really developed that well. Every day he went into the woods to meditate and cavort with the animals. I think that's probably what I would be doing too. After his return to CA, he is about to take a summer job as a fire lookout in Washington State's Desolation Peak, on Japhy's recommendation. Likewise, Japhy is about to head to Japan to live at a Buddhist monastery. Being Ray and Japhy however, you know there has to be some serious partying before they leave. They are staying in Corte Madera, and there are wild parties every night, usually involving copious amounts of alcohol and people dancing naked. Japhy and Ray sneak out a few days before Japhy is scheduled to leave, and go on a final trek through Marin County wilderness. Japhy leaves and everyone is sad. The final part of *TDB* is Ray making his way up to Washington. The strangers he meets are usually nice, with the exception of the Oregon cowboy who purposely runs over Ray's hat on the road. He briefly covers his time as a fire lookout, but I'm sure *Desolation Angels* goes into much more detail. That will be the next Kerouac book I read. There are a lot of Buddhist themes, prayers, and sayings throughout the book (hence the title.) While that might turn some readers off, I enjoyed it. Buddhism is something that has interested me for quite some time. It's sad that Jack didn't find what he was looking for. The bottle turned out to be his salvation - and demise.
