Begin checking out the world of PDF Bank Management And Regulation today and unlock the possibility for a richer, much more satisfying discovering experience.

REVIEW OF BANK MANAGEMENT AND

REGULATION

- For people who know of Ulysses but have never read it, calling it a "blast" may seem ludicrous. Maybe it is, but I know there are more than a few of us who found this book to be a thrilling adventure without quite knowing why. On the surface, it appears to be the story of 18 uneventful hours in the lives of two Dubliners. We see them snark, teach, defecate, work (half-heartedly), worry, lust, and drink. Exciting right? Yes. Admittedly, this book can be exciting only to a lover of language and literature. The book is subdivided into 18 sections, each roughly an hour. Each section acts as its own writing experiment, some more obvious than others. Contrary to popular belief, the

book is not written in stream-of-consciousness. It employs this technique, as it employs many others. True, the last section of the book consists of a 40-page stream-of-consciousness sentence, but another section presents itself as a play where the stage directions help move the reader into the subconscious desires/fears of the characters. I doubt Joyce was ignorant of Freud. And I can't forget to mention that the layers of symbolism and metaphor are absolutely dazzling. But if Ulysses was nothing more than a writing experiment, it would be dull even to the most erudite of readers. Its true strength lies in its surprising humanity. By poking at the heads of the two protagonists, Stephen Dedalus and Leopold Bloom, Joyce offers

up one of the most complete portraits of the human experience ever put into words. The stylistic experiments are not simply indulgent, but are woven into the fabric of this portrait. Everything ties together in a phantasmagoric representation of the mundane, complete with a brilliant and frightening climax that seems to fuse every primal symbol of the universe into a single sentence....But I had help with this one. If I hadn't had the professor I had and a whole month to study the book, I may never have had the literary adventure I did. To anyone who wants to tackle this beast, I recommend picking up the EXCELLENT guide, *The New Bloomsday Book: A Guide Through Ulysses*, by Harry Blamires. I can't say enough about how accessible and thorough this guide is.

Anyway, enjoy!

- Mr. Joyce should be commended for writing a book which obviously needs careful interpretation to be understood. Simple things are not always best. The most important questions which the novel raises, for this reader, is: To what extent is literary criticism a rigorous discipline? I'm sure one can place interpretations on the way Joyce uses language, and what he alludes to: but how many other, competing, interpretations can one put upon it and can one credibly say that one interpretation is (in any sense) better than another? And if the answer to the first question is "a great many" and the answer to the second is "no", then is not literary criticism as much a fiction as that which it surveys?
