## REVIEW OF FINANCIAL MARKETS AND INSTITUTIONS FIFTH EDITION SAUNDERS

- Being a fan of Doreen Virtue's earlier works and being very interested in a more direct awareness of my angelic helpers, I splurged on this somewhat costly tape set. By tape 6, I felt like I got more than my money's worth. As usual, Doreen Virtue communicates messages from the Angels with such an unconditional love focus that I feel incredibly nurtured and uplifted. The messages help us know even specifics of what we can ask for, how we can ask for things, how we get answers (and can use any or all of our senses to get or give that information). She/they helps/help us know how to look at things from that positive, unconditionally loving perspective which in itself often solves our "problems". She/they continually help us give our negative/down perceptions, fears, etc. to the Angels freeing ourselves from fret and worry....And shifting us into a unconditionally loving state.

And there are many lovely mediations throughout the series helping us meet/converse with our Angels....Truly Heavenly. I've only been through the series once, but these tapes are for use over and over. A great value!

- This book was incredible. Yes it can be racist, and extremist at times, but at it's core you're reading a piece of history. For a book to sell 300,000 copies during it's original publication in the mid 19th century is astounding. You're reading a book that had a part in the Civil War, the bloodiest war of our history. I did find while reading it that many parallels can be made between this book and

"Black Beauty". Coincidence? Perhaps, but worth looking at in a review, or report. To read this and think that America permitted this slavery to go on for years, would be enough to disgust anyone. America's history is a bloody one, one that we need to remember, and reading this book will make you appreciate your freedom now, as an American. Please do keep in mind however, the slave trade is still going not to America, but places in Europe and Asia, even with the U.N outlawing it in 1953. I just cannot say how much this book made me think about the world past and present. Most highly recommended.
