## **REVIEW OF ROBIN HOOD**

- Hicks examines the satanic scare that has swept the country over the last few decades and related phenomena. He goes into detail, showing how fallacious thinking and outright hysteria have convinced many people (including many of our law-enforcement officers) of a completely fictitious threat. An interesting and relevant book--one of the finest works of nonfiction I've ever read.

- I loved Postmortem. I have read all her books hoping that they will return to that level. This one didn't, not even maybe! I highly suggest that you should skip it unless you have \_nothin'\_ else to read! What a waste of paper and time!
