## **REVIEW OF BASIC PLUMBING SERVICES SKILLS ANSWERS**

- Lord of the Flies by William Golding is one of the best books I have ever read. It shows that the line between civilization and barbarism is narrow. People are capable of doing heroic things and committing horrible acts of cruelty under

the right circumstances. Golding has perfectly captured the tensions inherent in human nature. Golding has created a scenario where a group of boys were marooned on an island after a plane accident. No adult survivors were to be found. The boys came together, chose a leader, and created a system to organize life on the island. At first, the boys were enjoying the carefree life. Ralph was the boy who was chosen as the democratically elected leader. Piggy was his intellectual friend who had several physical maladies. The stronger boys on the island resented his presence and did not appreciate the talents he brought to the table. Jack was the antagonist of the story. He wanted to be the leader, but the boys feared him and were more comfortable with Ralph in charge. Ralph called the boys to assembly with a conch shell, a primary symbol in the book. Jack led a group of boys to hunt for meat. He killed a pig and put the head of a swine on a pole. It was surrounded by flies and created a horrible sight. The amiable early days in a tropical paradise soon came to an end. Jack led a mutiny against Ralph. He attracted the boys by asserting his power. The members of his group painted themselves like savages

and lost their inhibitions. The group became more and more barbarous. Jack became a dictator who ruled by fear and the other boys fell in line and did his bidding. Jack and his gang killed Piggy, which was metaphorical of the might makes right line of thinking in Social Darwinism. Ralph managed to escape with his life as British troops came to the rescue. The boys contemplated the horror on the island and were moved to tears. This book shows that society can fall apart quickly without safeguards. It shows that all people are capable of evil under certain circumstances. It is a sober warning to protect freedom. Golding fought against the Nazis in World War II and saw people not too different from himself be capable of joining a bandwagon and committing acts of unspeakable cruelty. This book offers the reminder that we should all look at ourselves and keep the beast within under control. The biggest threat to civilization is found within human beings, not from outside entities.

- I was very satisfied with the prompt delivery service and the condition of the book, which, by the way, I absolutely loved!
