REVIEW OF C DESIGN PATTERN ESSENTIALS TONY BEVIS

- My youngest daughter is an avid reader and loves re-reading

books she was assigned in English class. In fact, she is a collector of these required assigned readings such as Fahrenheit 451.

- I first read Ray Bradbury in my literature book, in English class. I was instantly hooked. His writing has a simplicity to it, but at the same time, an amazing profoundness. I immediately went out to the bookstore and bought a book of his short stories--then another, and finally, I read Fahrenheit 451. His style is constant--his use of metaphors has more of an impact than any other author I've ever read. He has a rare ability to deviate from the regular stereotypes of the future, making the settings as believable as if they were set in the present time. I immensely enjoyed this. It really conveyed the image of what a world would be like without books--lacking substance and meaning; having pleasure at violence and taking for granted what they had. Mr. Bradbury never ceases to amaze me. The character, Montag, was a perfect balance of the influences society had impacted him, and his own emerging understanding of reality. I'm greatly inspired by this, and I hope to mature enough to write something of as much quality as Fahrenheit 451.
