LAST THOUGHTS

In general, we believe that Cultural Schizophrenia Islamic Societies Confronting The West deserves a read, in spite of some small defects. The one-of-a-kind storytelling style, relatable characters, and plot twists make it a worthwhile addition to your shelf. So, if you're seeking a fascinating read, Cultural Schizophrenia Islamic Societies Confronting The West is absolutely worth thinking about.

REVIEW OF CULTURAL SCHIZOPHRENIA ISLAMIC SOCIETIES CONFRONTING THE WEST

- I have just received my Heirloom Reference Edition of the ESV Bible and I am absolutely amazed at the quality of this bible! I have waited a year for this edition to come out. When the ESV debuted last year, I inquired of the possibility of a high quality binding. I was told by Crossway that they had one planned for this year- so I waited. My expectations were exceeded and it was worth the wait. Even though this is an expensive bible, if you consider the years of use that it will give you, it's really a frugal choice in the long run. This is a bible that is built to last a lifetime and from what I can tell, it will. The genuine calfskin binding is the best I have ever seen, it's supple and flexible, with no synthetic inner lining, instead there are actually 2 layers of the finest calfskin. I simply can't say enough about this binding, for those of you who may be having a hard time with it's price, let me just say that there is a very substantial difference in quality between this edition and their standard edition, in other words, it's worth the extra money. They have also widened the margins for notes and the paper appears to be more substantial than a standard ESV Bible. If you know of anyone who uses this translation and spends a substantial amount of time "in the Word", this would make the PERFECT gift. The ESV is a great translation that the publishers describe as "essentially literal" which, in a nutshell means that the translation is literal and yet has flowing readability. I have used the NASB for years and I find the ESV to simply be easier to read and yet I don't find that any of the specificity or accuracy has been compromised in the ESV translation. This is my personal assessment of this translation and I am not, by any means, a biblical scholar but then again-careful attention to the Word of God has not been reserved only for "biblical scholars".

- Truly, this is the best book I have ever read in my life! It was followed by many sequels, equally as good. The author is a genius on every level, the characters so memorable you will feel they are real people, the story telling fascinating, never contrived or predictable, just pure magic all the way around! It was after reading this series I became interested in French history, but it's appeal is universal - everyone will be moved to tears and laughter (and everything in between)! I read this book over twenty years ago, and am an avid reader, so when I say this is the best, I don't mean it lightly, and have not read another book in the past twenty years that even comes close!
