REVIEW OF PRENTICE HALL MATHEMATICS COURSE 3 TEACHER EDITION

- I'm going to do something that Banks and Ledbetter could have tried: get right to the point. I found no challenge, no useful information, and nothing of interest in this book. It is the least useful leadership book I have read in the last 5 years
- I enjoyed reading this. It gave me insight as to things I want in a

boss of mine but also about how to be a better boss of myself and my work.
