## **REVIEW OF PONYO THE ART OF**

- I have read and enjoyed nearly all James Michener's books so when I found "Recesional" at a flea market I thought I was in for yet another good read. I finished this book only because I felt compelled to say I read it through. The book is way below Michener's usual attention to detail, has a sappy storyline, several blatant inaccuracies and a reference to a "retard" I found disturbing for an author of this caliber. Definitely one for the recycle bin.
- I was completely absorbed in the story and the characters from the first page to the last. I must read!
