REVIEW OF FAMILY DEVOTIONAL GUIDE CHILDREN DESIRING GOD

- There is so much about this book to comment on that it is better for me to keep my comments simple. Yes, it is a difficult book to read and many times I felt myself very confused over who was who and about what was going on. I suppose if you are someone who doesn't want a challenge and you want things very clear and uncomplicated, then this book may not be for you.

However, the magical realism does not take away from the absolute beauty and emotion of this book. After reading the book I was in awe of how anyone's writing could be so complicated and so beautiful! I honestly think it is one of the best books ever written and I have read a ton of books! I recently purchased Marquez's newest book (I believe it is his autobiography?) and cannot wait to read it.

- I picked this book up simply for the photograph of Gabriel Garcia Marquez on the back, which I found very eloquent. Yet all the way through the novel, I couldn't quite understand why he won the Nobel Prize for Literature--I thought it was a good novel, yes, but a great novel . . . Then I came to the last page--in fact, the last sentence. I have never found so much meaning explosively packed into a single sentence in anything else I have read. Marquez manages to make every smallest detail of the novel pertinent to the reader and to the human experience, when that last sentence fires through your circuits like a bomb going off. I'm not usually one for the surreal in literature--but I can not think of another medium that could so perfectly depict the truths that Marquez has to offer. This book can be frustrating at times, but is more than worthwhile to read all the way through.
