- Many people wish for total equality among people. I think that this book captures that feeling in a frightening way. After reading this book, you can imagine the way life would be if our futures were predetermined all in the name of equality. It made me grateful for all the differences that we do have, and for the ability to make our own choices and mistakes. A powerful book for any age group.

- Imagine trying to function in a world without color, love, pain, or emotion. A world without life. Imagine living in Jonas's world; the world of the Giver. Jonas did live in a world like this and because of his secretive government he thought nothing of it until he turned twelve. When each child in the community turned twelve they were given a career. Jonas was given the job everyone thought they wanted, the job of Receiver of Memory. But Jonas soon found that receiving the society's lost memories is not all fun. With every memory of color, joy, and love came a memory of war, pain, grief, and sorrow. Readers with interest in any type book would love to follow Jonas through his enlightening yet agonizing journey of discovery. I recommend this book to people of all ages, young or old.
