REVIEW OF SICILIA ESOTERICA FILE TYPE PDF

- I think the Giver by Louis Lowery is an excellent book for school, and I would recommend it for anyone who would want a good book to read. The book starts of slow, and basically describes the community that Jonas lives in. Then, later in

the book, Jonas is selected to become the next receiver after the last year's failure. The book then goes on a magnificent journey to free the community of its "sameness" that was there for so long.

- The Giver is a really good book, which displays science-fiction, and fantasy. It is about a boy who gets chosen by the elders (the committee people) to be the receiver of memory. The Giver has to give memories to him. The memories of the utopian society is kept with them. The community is perfect,

but there is no color or feelings of pain, sorrow and love. So in the future they got rid of their past. Jonas made plans to escape to "Elsewhere" and went taking the baby, "Gabe." I can't explain everything because there's a lot to explain. Jonas' community has "sameness" which in other words means that everyone is almost the same. Their "family units" have to have four people. Anyways, at the end the author leaves the ending in suspense leaving you to imagine what happens next. I rate this 4 stars out of five.
