### REVIEW OF KNEEC DIPLOMA IN ICT PAST PAPERS

- Ms. Stoller has read the mind of all the knitters out there and written a crochet book even \*we\* can understand. The illustrations are great, the instructions are just what you'd hear from a friend sitting next to you at a Stitch 'n' Bitch, and the patterns are SO CUTE! And leave it to Debbie to include everyone... most patterns are sized from S to XXL, so we busty gals don't have to stick to the hat/scarf/purse patterns. This book is a great intro to crochet for beginners (that would be me) and a great source of patterns for everyone. Thanks Deb!

- I gave this book a five star review because inside the book contains not only different types of patterns, but you have crochet instructions to other crochet techniques to create the design patterns. I give the company a good review for their fast delivery of the book. Also, I know other crocheters who purchase this book ,and they have given a great recommendation. I am glad that I purchase this book.
